THE ROCHLER CASE

An association styling itself "The International Electrical Workers Union Inc." now enjoined from using the title, recently sent broadcast circular letters to local unions of the Brotherhood and labor organizations in general, setting forth the claim that one Wm. Rochler had been subjected to gross prosecution by L. U. No. 3 of New York City.

The circular so distorted the case that thousands of members of the labor movement, either individually or through their local unions communicated with the International Office, inquiring for information or protesting against the alleged prosecution. To allow the misrepresentation to go unanswered would result in many believing all that was set forth in the misleading circular and would place the Brotherhood in an improper light. Therefore, it was necessary to answer those who took the matter up directly with us, even though we could ill afford to spend the time for that purpose—the inquiries coming as they did when all our time was well occupied assisting locals to obtain new wage agreements, resisting the efforts of the "open shoppers," moving the general office, and a few other such minor matters that arise to help representatives of labor organizations pass away their idle hours and leisure moments; however, all that inquired, received a prompt and courteous answer, setting forth the facts and, we believe, satisfactorily explaining the misrepresentation.

Realizing that the misrepresentative circular reached many who did not take the trouble to obtain facts, and who no doubt formed a false impression, we consider further publicity should be given the case.

An introduction of Wm. Rochler is primarily necessary. He was a member of The New York Electrical Workers Union, a labor union corporation of unsavory memory now defunct. This corporation was organized by the electrical employers of New York City during the

thirty-three months strike of L. U. No. 3 which came to an end in February, 1907 at the close of this long and bitterly contested, but successful fight of L. U. No. 3. Rochler applied to the local for membership, took his obligation freely to conform to and abide by the constitution and by-laws of the Brotherhood and to further the purposes for which the Brotherhood was instituted. This obligation, Rochler failed to respect and live up to as will be shown.

His conduct was such that charges were preferred against him on April 12, 1916 by A. Fromholtz. These charges recited that Rochler was hired to work at Emporium, Pa. by Blackall and Baldwin Company under a foreman named Zabriskie, a member of L. U. No. 3. Fromholtz was what is called in the trade a straw boss. After a time Zabriskie instructed Rochler to go to a Mount-Union job, which he refused to do. He was laid off and remained around Emporium for a considerable time, during which period an explosion occurred, resulting in the destruction of a dry house on the Aetna Explosive Company's property. Rochler made an affidavit before a justice of the peace at Emporium against both Zabriskie and Fromholtz, charging them with acts that would implicate them as being parties responsible for the explosion. A detective by name of James from New York worked up the case.

On Rochler's complaint, Zabriskie and Fromholtz were arrested, handcuffed, rushed thirty miles or so away to a jail, put in separate cells and treated as common murderers, denied bail and were not allowed to see anyone for twenty-four hours. They were given a "third degree" in an effort to connect them with the explosion.

Their employers, the Blackall and Baldwin Company were satisfied of their innocence and engaged a lawyer who started habeas corpus proceedings and after three days in jail, they were granted a hearing at Lock Haven, Pa.

Fromholtz stated in his charges against Rochler that the lawyer for the Powder Company at the hearing expressed deep regret for their arrest. The judge scored the action of the Powder Company and Rochler. Both Zabriskie and Fromholtz were acquitted and honorably discharged.

On receipt of these charges at the regular meeting of the union on April 13, 1916, the secretary was instructed to comply with the provisions of the constitution, relative to mailing copy of the charges to Rochler.

A trial committee was elected at the next meeting of the local, Rochler not responding to the summons to be present. The trial committee met, organized, and adjourned several times to allow Rochler to attend and be heard. After a few meetings of the committee, Mrs. Rochler, the wife of Wm. Rochler, visited the office of L. U. No. 3, and stated that Rochler was out of the city. Due to this, adjournments were taken from time to time by the committee; special delivery letters were sent Rochler, which were refused at his new address. It was announced to the committee that Rochler's wife said he would refuse to go before any trial committee.

The committee then on May 31, 1916 heard the complainants who substantiated their charges. The trial committee found Rochler guilty, reported to the union on June First, and Rochler was notified to attend the next meeting on June 8th for sentence, the secretary sending the usual notice.

Rochler did not appear at the meeting on June 8th, and it was the belief of the members of the local that all they could do was to fine and suspend Rochler, as the International Constitution made no provisions under the charges for expelling him. He was therefore, on motion of the union, assessed a sum of Five Hundred Dollars on each count and suspended for ten years.

Rochler did not avail himself of his rights under the constitution within the time and in the manner provided to take an appeal. He waited, threatened suit and brought action against L. U. No. 3 for Ten Thousand Dollars.

The suit came on for trial in February, 1919. Rochler, according to his own testimony in the Supreme Court, admitted making two affidavits against A. Fromholtz and L. Zabriskie. The first affidavit was made on September 30th, 1915 and charged Fromholtz with taking photographs of the Howard Plant of the Aetna Explosive Company and said that Fromholtz was in constant communication with Zabriskie, having seen him go into Zabriskie's home, carrying certain packages carefully wrapped up and remain there for hours, and then return

from the same house carrying the same packages and then go to the railroad station, meet a man who would jump off the train and take from Fromholtz a package, to all intents and purposes, the same package Fromholtz brought there; this man would then enter the train and depart. He specifically gave the date of such an occurrence as September 24th, 1915.

Rochler claimed he was discharged from his employment and further makes affidavit that he is positive that "It was the intention of said A. Fromholtz and L. Zabriskie, a man known as Sammy and the said John Hall to use said pictures for the purpose of interfering with and damaging the property and business of the said Aetna Explosive Company Inc., if not directly, through others with whom they were connected. In other words, deponent verily believes that a conspiracy existed with the intention to so damage the property and business of the said Aetna Explosive Company, Inc. and he gives this testimony of his own free will and accord, without pay or compensation or the promise of pay or compensation of any kind whatsoever, and further deponent saith not."

The second affidavit of Rochler, according to a copy filed in the Supreme Court in the action against L. U. No. 3, stated that the affidavit made by him on September 30th, 1915 was not in his own language, but was dictated by Theodore H. James, who was the detective Rochler took up with after his discharge and one of the witnesses to the affidavits, and then states that the affidavit is wrong in particular. He further stated that he did not intend to charge these men or any other persons with conspiracy or any other crime, nor had he any reason to believe that a conspiracy existed between Zabriskie and Fromholtz and wished his former affidavit modified and corrected. This second affidavit was made after the arrest of Fromholtz and Zabriskie. It was on the first affidavit that Fromholtz and Zabriskie were arrested.

The Honorable Howard Alvin Hall, the presiding judge, at Ridgway, Pa., discharged Zabriskie and Fromholtz, stating that the attorneys for the prosecution admitted in open court and they had no evidence against them in their possession to justify their detention.

Zabriskie was continued in the employ of Blackall and Baldwin Company at the same work; Fromholtz later returned to his home and entered the army.

Both these men, it is well to note bear German names, although true, loyal Americans in every particular and it is easy to understand the danger they were put in by their arrest on the affidavit of Rochler. At the time, in the excite-

ment of the war, their very lives were put in jeopardy.

In the trial of the damage action, the chief claim made by the attorney of Rochler was that he was not given an opportunity to be heard and a fair trial was denied him. So that there would be no misgivings on the point that Rochler would not be given a fair hearing, Counsel for L. U. No. 3, offered at the end of the court trial to appoint another trial committee, so that Rochler might present any such defense as he had a right to under the constitution. After some discussion, this was agreed to and the case was ended. An extension card was left with Rochler's Counsel for Rochler. Charges were redrafted and signed by Fromholtz and were tendered to Rochler by Frank Emanuel, representing the local union. Rochler refused to accept the paper. Rochler's attorney kept the card for ten days or more and then wrote the union that Rochler had refused to accept the card. Later, as is shown by the communication sent around to the labor movement in general, Rochler identified himself with what was then known as the "International Electrical Workers Union Inc.," which organization has

been enjoined by the Supreme Court from using the title.

The communication regarding Rochler was sent out by a man named H. Rich, promoter of the "International Electrical Workers Unions Inc." and who was its financial secretary. According to statements that members of that organization made, Rich has since been found guilty on charges relating to the methods he followed in handling the finances of the corporation union.

Rochler, in his suit against L. U. No. 3, prayed to the courts for Ten Thousand Dollars damages. His prayer was not answered, and if he receives a just answer hereafter, he will not get Ten Thousand Dollars, but will receive something that will cause him to remember the sufferings of Fromholtz and Zabriskie.

We go into this matter at length, not alone to clear the organization of any wrongdoing, but also to show the class and character of men to be found in the various organizations, such as the "International Electrical Workers Union Inc." and similar institutions that are seeking to destroy and replace the bona fide labor unions.

Decisions Railroad Board of Adjustment No. 2

Docket 987—February 11, 1920—Denver & Rio Grande Railroad and Telephone Maintainers.

Question—Telephone maintainers' classification.

Employees' Position—We protest against the management's rating us as second-class electrical workers under Supplement No. 4 to General Order No. 27. We are clearly rated as first-class electrical workers in paragraph 5 of Supplement No. 4, because we are and must be skilled in inside wiring, installing, inspecting, and maintaining of all electrical appliances used in the operation of dispatchers' telephones and all other telephones owned or used by the railroad, including motor generators, rectifiers, switchboards, selectors, simple and duplex equipment, installing and charging storage battery plants, measuring and testing circuits and repairing all kinds of telephones and signaling equipment used on telephone circuits. We have had over five years' experience in this work and with this company, and the company has recognized the above facts in the past by paying telephone maintainers a higher rate than any other electrical workers under telegraph department.

Railroad's Position—Our telephone and signal maintainers are classified as second-class electrical workers as per section

5-A of Article I of Supplement No. 4 to General Order No. 27. The employees in question work in a normal traffic zone, and are not required to handle wires or apparatus carrying 240 volts or more. They have charge of storage batteries in connection with the operation of telephone train-dispatching system operating 220-volt motor generator, one ampere output. They adjust, maintain, and repair telephone train-dispatchers' equipment, including selector ringing device; install, maintain and repair telegraph wires; install, maintain, and repair all private line wires and telephones at various division or terminal points. Signal maintainers install, maintain, and repair wigwag and crossing alarm bells, and install and remove storage batteries operating same; and look after bonding and rebonding track circuits. Previous to the application of Supplement No. 4 to General Order No. 27 the telephone maintainers were paid a slightly higher rate than the signal maintainers.

Decision—The telephone maintainers in question will be classified under section 5 of Article I of "Supplement No. 4 to General Order No. 27," and paid as per section 1 or 2 of Article II of "Supplement No. 4 to General Order No. 27."

Docket 1050—February 12, 1920—Michigan Central Railroad and System Federation.

Question—Stationary engineers or first-class electrical workers.

Facts—The railroad's power plant at Jackson formerly generated necessary electric current for shop lighting and power; but arrangements were put into effect several years ago whereby the necessary current was obtained from a commercial concern. The electrical machinery was left in the powerhouse for emergency use and is seldom operated.

Employees' Position—The following equipment is handled by these men: Six 250-h.p. B. & W. boilers, 1,500-h.p., equipped with Green stokers; three 480-volt, 241-ampere, three-phase General Electric generators direct-connected to non-condensing tandem compound Ball engines; two 30-K. W. D. C. generators direct connected to simple vertical engines used for excitation of the generators; one Cross compound non-condensing two-stage Imperial type \$10 air compressor with Corlis movement; one Cross compound non-condensing two-stage Laidlaw Dunn & Gordon air compressor with Corlis movement; seven steam pumps; two steam vacuum pumps; two stoker engines; 12-panel switchboard having one main switch connecting with the Consumers Power Co.; three generators, three exciters, seven power and four lighting switches; nine circuit breakers; and the necessary instruments such as voltmeters and ammeters. The greater amount of power is purchased from the Consumers Power Co. and connected to carry increased leads.

These men are required to operate and care for the various machines. (but not to make heavy repairs), attend to the switchboard, throwing in the circuit breakers when they are thrown from overload or short circuits; make all necessary changes with the various switches in switching from one power to another; look after firing the boilers; and make minor repairs. They are properly covered in Supplement No. 4, and are switchboard operators and generator attendants in the strictest sense. They are handling voltage of over 240.

Railroad's Position—Electric current for power and lighting is purchased from the Consumers Power Co., and the stationary engineers are not required to perform any duties in connection therewith except to occasionally throw in one circuit breaker. There are no switches to manipulate or regulators to attend to; and their work is primarily looking after the boiler room and the steam-driven pumps and air compressors. Any electrical repairs required are handled by the electrical department. The power plant is equipped with steam-driven pumps and air compressors. Any electrical repairs

required are handled by the electrical department. The power plant is equipped with steam-driven electric generating machines, but they are seldom operated, and then only in case of failure on the part of the Consumers Power Co. Our records show that from September 1, 1918, to September 1, 1919, the generators were operated to generate electricity for a total period of but 46 hours 19 minutes. The occasional throwing in of the circuit breakers does not classify these men as first-class electricians; nor does the occasional operation of the plant entitle them to rate of first-class electricians continuously.

Decision—Under the circumstances cited in this submission, the employees in question are properly classified as stationary engineers. However, they shall not be required to operate switchboards or generators, or make repairs to same.

Docket 1331—March 31, 1920—Cleveland, Cincinnati, Chicago & St. Louis Railroad and Electrical Workers.

Question—Claim for payment of board and lodging of telegraph and telephone linemen housed in camp cars or boarding houses.

Employees' Position—The railroad employed linemen and groundmen in the telegraph department line gangs, prior to January 1, 1918, and paid them a flat monthly rate, their board and lodging being paid by the railroad the same as the lower rated men. When Interpretation No. 1 of Supplement No. 4 to General Order No. 27 was received, these employees were classified as electrical workers under the provisions of Section 5, Article I of Supplement No. 4 and paid the rates provided in Article II, Sections 1 and 2. From the time these employees were placed under the terms of Supplement No. 4 and paid the rates specified therein, the railroad continued to pay the board and lodging of these men until December 1, 1918. From December 1, 1918, until February 1, 1919, \$1 per day was deducted from the salary of each man and applied against his board bill, which the railroad continued to pay. From February 1, 1919, until June 30, 1919, the men were compelled to pay their board and lodging, the railroad claiming they should pay their own expenses. Commencing July 1, 1919, the railroad again paid the board and lodging of these men without any deduction from their pay until the application of the national agreement, November 1, 1919.

Indianapolis, Ind., has always been considered the telegraph department "head-quarters" and the railroad has paid the board and lodging of these men, who are stationed in camp cars and boarding houses, and they are compelled to move from town to town as the work pro-

gresses, and all instructions governing the employees' work emanate from this office.

The employees claim that no deduction should have been made from their pay, nor should they have been compelled to pay their board and lodging from December 1, 1918, to June 30, 1919, as per Interpretation No. 14 to Supplement No. 4 to General Order No. 27, and ask that the money deducted from their salaries, and money paid by them, be refunded.

Railroad's Position—The proper method of classifying these men is clearly set forth in letter of September 25, 1919, signed jointly by Mr. W. T. Tyler, Director Division of Operation, and Mr. W. S. Carter, Director Division of Labor. This question is also covered in Decision No. 2 CIAL, and by the rules of the national agreement. The employees in question were paid comparatively small monthly salaries without overtime allowance prior to the issuance of the wage orders. The railroad boarded some of them, generally the lower paid of the employees in question, and others were allowed expense accounts. After a conference to discuss the provisions of Supplement No. 4, it was at first thought optional with the railroad as to whether board allowances to such employees should be continued, and as a result the previous practice of the railroad was not immediately changed, except that in the case of the formerly lower paid men a deduction of \$30 per month was inaugurated, this amount being applied against their board bill which was being paid by the railroad. It later was felt unfair to make this deduction from one class of employee and not from the other men who previously had been boarded through the medium of expense accounts, and such money deducted was refunded. When Interpretation No. 11 was issued, monthly rates and expense allowances were in error provided for all of the telegraph linemen, although it subsequently developed that they should have been classified into two classes—one at a monthly rate without overtime and with expense allowance, and the other at hourly rates without expense allowance.

Indianapolis was not considered the "headquarters" of these employees from the standpoint of headquarters for the purpose of computing expense allowances, this being covered by the wage orders and interpretations. Indianapolis is a central point on the Big Four R. R. and the head of the department is located there, and due to its convenient location many of the foremen and men have made it their home town, but have worked at various places, as their assignments might be given.

We contend that figures should be accurately computed showing the expense allowances that should have been made to these different classes of employees and

deductions made for any board allowances that have improperly been allowed, and that this adjustment should be retroactive to April 15, 1919, which was the effective date of the provisions for allowance of expenses in Interpretation No. 11 to Supplement No. 4.

Decision—The method of computing expense allowance for the employees in question is fully covered in Interpretation No. 14 of Supplement No. 4 to General Order No. 27.

It was not proper to make any deductions from wages of employees in question because of the fact that board and lodging were furnished by the company while away from home station.

Docket 1343—April 7, 1920—Chicago, Burlington and Quincy Railroad and Telegraph and Telephone Linemen.

Question—Claim for 4 cents per hour increase of division telegraph and telephone linemen, effective May 1, 1919.

Employees' Position—Division telegraph and telephone linemen are combination men, who do inside wiring and install telegraph and telephone switchboards. The class of work performed by these employees is covered in Rule 140 and they are entitled to the 4 cents per hour increase.

Railroad's Position—The duties given in Rule 140 are those of employees engaged in the construction and maintenance of power and lighting systems and the duties of a division telegraph and telephone maintainer are not defined. There is nothing in the rule which definitely establishes it as applicable to the recognized duties of a telegraph and telephone maintainer, and it is the understanding of the railroad and the rules governing such employees still rests upon Question No. 1 of Interpretation No. 14 to Supplement No. 4 to General Order No. 27, and that they are to be continued at 68 cents per hour in accordance with Rules 45 and 141.

Decision—Telephone men who do inside wiring and who install telephone and telegraph switchboards will receive 4 cents per hour increase, effective May 1, 1919.

Docket 1330—April 14, 1920—Grand Trunk Western Lines and Electrical Workers.

Question—Seniority and reduction of force.

Employees' Position—The locomotive and car shops at Chicago are considered as one point as per Rule 31 of the National Agreement. Effective November 22, the force of electricians at car shops was reduced and the youngest men in that shop laid off. At the roundhouse which is about three blocks away (but in the same yards) there is one electrician employed who is a younger man in seniority than the men laid off in car shops.

When reduction was made the employees requested the transfer of the oldest man laid off in car shops to roundhouse account of being senior man and contended that there was but one seniority at Chicago in the maintenance of equipment department, as per Rule 31 of the National Agreement. Therefore, the senior man shall be given the position at the roundhouse and one seniority established at Chicago, and this man shall be paid for all time lost account of being unjustly laid off.

Railroad's Position—The locomotive and car departments are two distinct departments and are considered distinct points. This practice has always been in effect, and it is not our understanding that Rule 31 of the National Agreement is intended to include motive power and car departments in one seniority list, in view of the fact that the men in motive power department report to master mechanic, and the men in car department report to master car builder, each having their separate organization at all points. On August 1, 1919, there was a vacancy at our Chicago roundhouse for headlight repairman, and the man in question (L. Backus) made application for position and was employed. We do not consider that the men laid off in car department have any seniority over men employed in motive power department.

Decision—Rule 31 shall be applied in accordance with interpretation as follows: Electrical workers' seniority lists should be made up at each point (in department specified). Whether town, city, shop or shops shall constitute a point should be settled by mutual agreement between the general officers and general chairman of the federated trades. Also in accordance with interpretation on Rules 140, 141, 142 and 143.

INITIATION FEES.

There appears to be a lack of understanding on the part of Local Secretaries and members, concerning the amount of initiation fee a member is entitled to receive credit for, and in order to eliminate misunderstanding concerning this matter, we are taking this means of advising that it is the intent of the Constitution, as interpreted by the International President, that members are only entitled to receive credit for the actual amount of initiation fee they paid when joining the Brotherhood, unless the member has established a five years' continuous standing.

Where such standing has been established, the member cannot be charged

any additional difference in initiation fee; therefore, he is entitled to receive credit for whatever official amount of initiation fee the local with which he is identified may charge.

Our attention has been called to the practice of Local Union Secretaries, when issuing traveling cards to members who have been admitted at a nominal rate of initiation fee, inserting on the card the official amount of initiation fee charged by the local at the time the traveling card was issued.

This practice, in effect, gives the member receiving the card credit for something that he is not entitled to, and to correct the practice, which is rapidly developing into an abuse and causing a great deal of dissatisfaction, we request that all Secretaries insert on traveling cards of members having less than five years' standing, the amount of initiation fee they have actually paid, and not the amount of initiation fee the local may be charging at the time the card is issued; example, A joins the Brotherhood; pays \$5.00 initiation fee, continues membership in the local union for six months, and obtains a traveling card. During his period of membership, the local has increased its initiation fee to \$50.00. The Secretary, in issuing card, inserts \$50.00 on the card. This, in effect, defrauds the local accepting the card out of the right of collecting any actual existing difference.

The amount that should have been inserted on the card, under the described conditions, would be \$5.00.

Where members have deposited traveling cards in a local union, and there is a difference of initiation fee to be collected, should the member depositing the card not remain in the jurisdiction of the local collecting the difference a sufficient period of time to pay the entire difference, when the member obtains a traveling card there should be inserted as the rate of initiation fee an amount equal to what his card called for when it was deposited in the local, plus any difference he has paid; example., B deposits traveling card, showing a rate of initiation fee of \$25.00; remains in the local's jurisdiction ten working days; and pays an account of difference of initiation fee, \$10.00. There should be inserted on B's traveling card the amount of \$35.00.

This information is based upon the International President's interpretation of the Constitution, which was rendered at the Boston Convention, and unanimously approved by the Convention. This interpretation of the Brotherhood's laws stands, and must be complied with until such time as the laws may be changed.

EDITORIAL

LABOR DAY. Each member of organized labor should do his or her part to make the 1920 Labor Day celebration the greatest in Labor's history, and by a demonstration of interest, show the "Open" or "Prussian" shop advocates that Labor holds no fear of employers possessed of medieval minds.

Make the Labor Day celebration an answer to the recent referendum of the Chamber of Commerce, approving Prussification of American industry.

REPUBLICAN AND DEMOCRATIC PLATFORMS ON THE RAILROAD QUESTION.

The American Federation of Labor at the Montreal Convention placed itself on record as favoring Government ownership and democratic control of the railroads. The resolution adopted expresses in strong language the workers' disapproval of the present arrangement provided under the Cummins-Esch Bill.

Assuming that the Federation's action is representative of the views of the rank and file, Labor cannot be entirely satisfied with the planks adopted by the two great parties dealing with the railroad problem.

The Republican party's plank approves the Cummins-Esch Law without reservation. Their expression concerning the question is as follows:

"We are opposed to government ownership and operation or employee operation of the railroads. In view of the condition prevailing in the country, the expenditures of the last two years and the conclusions which may be fairly drawn from an observation of the transportation service, both for the present and future, can be furnished more certainly, economically and efficiently through private ownership and operation under proper regulation and control.

"There should be no speculative profit in rendering the service of transportation; but in order to do justice to the capital already invested in railway enterprises to restore railway credit to induce future investments at a reasonable rate and to furnish enlarged facilities to meet the requirements of the constantly increasing development and distribution, a fair return upon actual value of the railway property used in transportation should be made reasonably sure, and at the same time to provide constant employment to those engaged in transportation service with fair hours and favorable working conditions at wages or compensation at least equal to those prevailing in similar lines of industry.

"We endorse the transportation act of 1920, (Cummins-Esch Bill) enacted by the Republican Congress, as a most conservative legislative achievement."

The Democratic party strongly condemns the present Republican Congress for the chaotic railroad situation, criticises the Cummins-Esch Law and suggests as a remedy a fair and complete test of the law until such time as Congress can correct its defects and expresses as its belief by platform adopted, that the country needs an effective transportation system under private ownership. The plank on the Democratic platform dealing with railroads is as follows:

"The railroads were subjected to Federal control as a war measurer without other idea than the swift transport of troops, munitions and supplies. When human life and national hopes were at stake, profits could not be considered and were not. Federal operation, however, was marked by an intelligence and efficiency that minimized loss and resulted in many and marked reforms. The equipment taken over was not only grossly inadequate, but shamefully outworn.

"Unification practices overcame these initial handicaps and provided additions, betterments and improvements. Economies enabled operation without the rate

raises that private control would have found necessary and labor was treated with an exact justice that secured the enthusiastic co-operation that victory demanded.

"The fundamental purpose of Federal control, was achieved fully and splendidly and a far less cost to the taxpayer than would have been the case under private operation. Investments in railroad properties were not only saved by government operation, but government management returned these properties vastly improved in every physical and executive detail. A great task was greatly discharged.

"The President's recommendation of return to private ownership gave the Republican majority a full year in which to enact the necessary legislation. The House took six months to formulate its idea and another six months was consumed by the Republican Senate in equally vague debate. As a consequence, the Esch-Cummins Bill went to the President in the closing hours of Congress, and he was forced to a choice between the chaos of a veto and acquiescence in the measure submitted, however grave may have been his objection to it.

"There should be a fair and complete test of the law until careful and mature action by Congress may cure its defects and insure a thorough effective transportation system under private ownership without government subsidy at the expense of the taxpayers of the country."

Study of the two planks shows that neither party treats the railroad situation in accordance with the expressed views of organized labor.

The Republicans besides approving unqualifiedly the present iniquitous Cummins-Esch Bill select as a standard bearer a man (Senator Harding) who worked and voted for the bill, a legislative enactment condemned by labor as the worst law passed by the present re-actionary congress. The Democratic party declares in effect that government control of the means of transportation was a success and proved advantageous during the war, but apparently does not believe any advantages developed during the war emergency should be continued in normal times. The Democratic party, while agreeing with labor that the Cummins-Esch Law was objectionable, faulty, and falls short of giving the nation a proper transportation arrangement, fails to agree with labor that government ownership and democratic control of railroads is desirable.

Labor, disagreeing as it does with both parties, can hardly give unreserved support to either; however, there being no substantial third party to seek relief from, it would seem the part of wisdom for the workers to vote against the Congressmen and Senators responsible for the present railroad laws, if for no other reason than to replace them with men who may have a conscientious sense of public duty and not entirely dominated by corporate influences.

The refusal of the Democratic and Republican parties to agree with organized labor on such an important matter and the apparent failure of the so-called progressive forces to place an effective third party in the field, demonstrate the advisability of the workers' supporting the non-partisan political program of the American Federation of Labor. Scattered votes given to the various and recently created political bodies will be as ineffective in accomplishing labor's desire as scattered shots and divided armies are in winning a war.

The workers place their confidence, and have faith in the ability of The American Federation of Labor as an agency to obtain relief from undesirable industrial conditions. The Federation has not failed in its efforts in this particular, and the workers can very well afford for once to try the Federation of Labor's political program. The American Federation of Labor cannot give unqualified endorsement to any political party as there exists none entitled to such endorsement, but if the members of organized labor will give heed to the Federation of Labor's recommendations which are based upon the actual records of those holding public offices, it is very evident that men, having no sympathy for, or understanding of the workers' need and who are lacking of a general sense of public duty, will be replaced by others who should, and no doubt would, function for public rather than corporate good.

OPEN SHOP CAMPAIGN. Certain large financial and employing interests in New York City have come out with the declaration that they have at this time a fund of five million dollars pledged to carry on the open shop campaign in New York City and they state that hundreds of millions of dollars will be devoted to this cause throughout the country.

This open declaration of the availability of immense funds to stamp out of existence the principle of collective bargaining by those who work through agents of their own choosing, savors strongly of bombast and braggadocio. It carries all the ear-marks of bluff and intimidation.

They want the workers to believe that their unions are up against an irresistible force; want to see the members of organized labor panic-stricken and in condition to rush for any sort of cover manufactured by the employers. When they believe that the workers are sufficiently impressed with the gigantic size of the dollar-laden steam roller that is to flatten out their trade unions, they will then have their stool pigeons among the workers bewail with loud lamentation—the inevitable wreck (?) that is due to come, and when this soaks in sufficiently, there will be found one or more individuals in every union arising and announcing very eloquently that they have a solution to the situation that will provide an arrangement well designed to lead the members of organized labor into the safe haven prepared for them in the form of organizations, known as the American Plan (which is really a Prussianized idea) a nice, quiet, innocuous boss-owned and-controlled-and-operated affair, that may with good luck and clever guiding last for a year or two; and in that period pay big profits to the employer on the amount invested in founding it, before the poor deluded worker, so duped, will wake up.

The scheme sounds very nice to the employer; however, he has overlooked one vital thing in connection with the campaign to destroy the labor movement; i. e., money alone will not erect buildings, construct railroads, build ships, or perform other work without man power associated with it: and the American workman has dug down into his pockets for so many hundred, millions and billions of dollars in the past few years that millions is a familiar word to him and does not carry the same sense or impression of colossal might that it did in former years. He knows too, that human nature has not changed so greatly over night and that the hard-headed business man wants some assured returns for his money and will think numerous times before throwing his money into a sewer where many good dollars have been cast before; for instance,—the campaign of the Citizens' Alliance and the Crusade of Parry some fifteen years ago.

The average employer and business man knows that it is human nature to band together for mutual protection and many are very skeptical as to the success of the open shop movement. So, the far-seeing man on either side of the fence admits, at least to himself, that organization will go on and on.

Many of our employers are ready and willing to make open shop declarations, but they go slow on putting the declarations into effect, when it costs actual money to do it.

So, our advice to local unions and members is to refuse to be stampeded into hasty and ill-considered action, by any declaration made by their employers. A declaration does not break an agreement. It takes action in accord with the declaration, and our locals have found it good policy to ignore such expressions as though nothing had occurred and treat each employer as a distinct and separate unit and in accord with his individual attitude relative to established working rules and agreements.

No union shop is a closed shop. The so-called open shop, as run by the employers is the only closed shop in existence, being closed to all union men.

The most effective method of combatting the open shop movement will be found to be; interest in your union's business affairs, adherence to the fundamental principles upon which it is founded and guard against taking hasty or ill-advised action. Watch carefully the chronic fault finder, who constantly criticises everything in connection with the labor movement. Make those, who have criticism to offer, suggest a remedy for the defects they may see. When in doubt, consult with the proper officers of the International Union. Keep ever in mind that the open shop movement is supported by organized greed and those possessed of wealth that should be sufficient to satisfy the most avaricious nature.

THE RAILROAD WAGE GRANT. The Railroad Labor Board has rendered its award granting the employees of the railroads wage increases which in the case of the shop men, gives an increase of thirteen cents per hour, retroactive to May First. It is hardly necessary to state that this increase is extremely disappointing, entirely inadequate, and only gives the employees a wage rate they should have received August 1st of last year.

The workers can well feel that they have been betrayed and about the only comfort that can be gathered from the award is that it confirms the undesirability of the arrangements provided by the Cummins-Esch Bill.

The railroad employees have been extremely patient. They have recognized their duty to the public and have officially refrained from any action that would cause public inconvenience. Last August, they accepted an increase of four cents per hour on the strength of the Government's promise that substantial efforts to reduce the cost of living would be put forth and that material results could be expected within ninety days.

The workers' willingness to agree to the arrangement proves beyond possibility of successful contradiction that reduction in the cost of living was as fully acceptable as wage increases, and further shows that the motive that influenced the railroad workers to ask for a wage increase was not due to the fact that they were strongly organized and conscious of their economic strength, but that increases were absolutely necessary to meet the advances in the cost of living. The present scale provided by the award is entirely insufficient and further increases will be necessary if proper living standards are to be maintained.

The workers representatives have accepted the increase under protest and will prepare to obtain further relief from the wage board. This action manifests a realization of their sense of duty to the public, that will probably be advantageous to the workers' cause in the future.

The railroad companies announce that they will accept the award, and well they might for two reasons, if not for more. One is they know the award is miserably insufficient; the other, it gives the railroads an excuse to petition the Interstate Commerce Commission for an increase in rates that would produce a revenue double the wage increase if granted—small wonder the companies are pleased.

The "kept" press announced the six hundred million dollars increase in scare-head type, but failed to mention the fact that the increase falls far short of the advances in the cost of living.

The employees seem to be up against a stacked deck all around; however, nothing is to be gained by loss of patience. Rather, conservative methods will be more profitable in the long run and should bring to the employees public sympathy and support.

L. U. NO. 5, PITTSBURG, PA.

Editor:

Local Union No. 5 has been a little negligent for not keeping the Brotherhood informed as to the Activities of the Electrical Industry in this District. We have two Power Jobs going on in our Jurisdiction which are absolutely unfair to our

Local Union. One is at Cheswick, Pa., the other is at Springdale, Pa. Our Business Agent interviewed the Representatives of the firms who are doing those jobs and they refused to comply with our working conditions. He later, in company of a committee of the Pittsburgh Building Trades Council, called upon the Representatives of those Company's with a request that they employ union labor on all their work. They received no consideration whatsoever, and the jobs were placed on the unfair list to the Members of the Building Trades Council. Since then, they have been advertising in different parts of the country for wiremen who are experienced on Power House Construction; and they have been successful in getting some of the members of our organization from other localities to come in and scab the job on us. Now we are compiling a list of those members, and, as soon as the Laws of our Organization have been complied with we will publish their names and the Local Unions they have traveling cards out of, as charges have been preferred against them for violating Article 23, Section 7 of the Constitution. We would also request Local Unions who have members out on traveling cards before they accept their next dues to inquire whether they are working on the above mentioned jobs. If so to notify our Financial Secretary. We are sorry at this time to state that we lost one of our most loyal members, C. J. Quinn, formerly of Local Union No. 41 of Buffalo, N. Y. from heart failure.

Work here has been very slack and the prospects do not look very bright. The Carpenters and the Bricklayers have been on strike for four months so you can figure for yourself, that we cannot have very much in sight. We have at present about one hundred unemployed.

I am Yours fraternally,

H. L. Kluppell,

Press Secretary.

L. U. NO. 13, DOVER, N. J.

Editor:

Local Union No. 13, I. B. E. W. of Dover, N. J., would like to state that the Brothers are still on strike with the New Jersey Power & Light Company of Dover, N. J. The reason that Local Union No. 13 is asking to have you publish this is because some Brothers from other local unions have been misinformed by outside people and we would like to have all Brothers convinced that we have an officially called strike and that local union took the proper step.

We are holding out good and may be back in a month or two. The Power Co. have a few scabs that will not help them a whole lot, such as Abraham Dauson of Chatham, N. J.; Abraham Day of Bernardsville, N. J.; Louis Wright of Morriston, N. J.; Jack Quimby of Morriston, N. J.; Stephen MacIntosh of Morriston, and Wm. Goodenough. Card No. 342168. This about winds up the scabs that are working in Dover, outside of their foreman, Harvey Vance of Summitt, N. J. We are giving them a clean fight and hope to win if possible and will, all we need at present is encouragement. Hoping this will be ap-

preciated by the boys, will close and may be able to write more later.

Chas. Ball,
Acting Press Secy.

L. U. NO. 18, LOS ANGELES, CAL.

Editor:

I am going to start this letter with an opening paragraph directed to the attention of the Editor:

Do you Mr. Editor, think that it would be a good scheme to set some one month in the near future, November for instance, and have every local Union in the Brotherhood submit to you for publication, a complete list of the companies operating in their jurisdiction, with a scale of wages paid by the companies.

While I realize that this may meet with some opposition on the part of some members, on the grounds that the scale paid in one locality should not bear on the scale paid somewhere else; but should be figured on the cost of living in a particular locality, I believe, on the other hand it would do no harm and at the same time would acquaint the membership with conditions everywhere in the United States and Canada.

One of the main criticism I hear regarding the "Journal" is, that it lacks just this kind of news.

This I believe is one way to make it interesting for one month at least, and by that I do not mean that it is not interesting every month, for I personally find much of interest in each and every copy.

If this scheme appeals to the membership, I would like to have other Secretaries support it by making the same request to the Editor.

There is not much of interest to write of this time, except that we are steadily progressing, gaining in membership and attendance at every meeting.

The fellows who attend are using their brains trying to work out a solution to the situation that exists here and as there are some good live ones at it, I feel sure that something will be accomplished.

The present members of this Local Union, have nearly all had a chance to prove their principles, and the majority of them are proven 100 per cent.

There is at the present time only one reason for a man to carry a card in this city, where conditions are probably as bad as in any city in the country, and that reason is, that he believes in the movement and is willing to spend his time and money to attempt to improve his and his fellows condition.

I am enclosing a copy of a circular letter that we are circulating all over Southern California, and in this connection, I again request that Secretaries send the names and addresses of all members sending in dues from any point in this district, as there are members with paid up cards in their pockets working on unfair jobs.

Mr. Electrical Workers:
Do you know that the wages in Southern California are very low in comparison with the cost of living and the wages paid in other parts of the state and on the Coast?

Do you realize that ORGANIZATION is the only thing that ever made wages or conditions on any job?

Does your wages compare favorably with the wages paid for the same class of work in organized localities?

Is not the Electrical Worker worth as much in this locality as in any other place?

Does it not require the same effort?
Do you know that two of the largest Power Companies in California were recently granted an increase in rates to the extent of 27 per cent?

How much of this increase has been allotted to you in the form of wages?

Here are some of the wage scales in organized localities: Great Western Power Co., \$8.00; Universal Light & Power Co., \$8.00; Portland Railway Light & Power Co., \$8.00; Northwestern Light & Power Co., \$8.00; Western States Gas & Electric Co., (Concede) \$8.00; Pacific Gas & Electric Co., \$7.50.

The organized Electrical Workers in this vicinity are making an honest effort to establish a uniform \$8.00 scale on the Coast. We need your co-operation. We must organize to bargain collectively.

We are sending a copy of this circular to every Electrical Worker in Southern California, and past experience leads us to believe that this effort on our part will gain an increase for you, one that the boss hopes will satisfy you for the time being at least.

Do not be mislead, get together for your own protection, for it makes no difference how selfish you are, you must help others to get ahead yourself. No investment you can make will bring the returns that your affiliation with a body of the workers of your craft will get for you and for them.

Now what are you going to do about it? Will you be satisfied with circular letters from the boss, telling you how much he appreciates your loyalty, or do you want some of the stuff that he spends for tires and gasoline, or many other luxuries, and that you must have to put shoes on the kiddies and bread on your table, if you are fortunate enough to have one.

"IT IS UP TO YOU"

Marion C. Mohen, Secy.

Editors Note:

We would be glad to publish the information suggested by the writer if some could be obtained, however it is next to impossible to procure information covering wage scales let alone names of employers.

L. U. NO. 28, BALTIMORE, MD.

Editor:

Just a few lines from Local 28 to let you know that we are still alive, and doing business in fine fashion. Having been elected as press secretary I shall try and entertain the boys with some real news from this neck of the woods. In the first place we think we have the best Local in the country, but we are not selfish and would be glad to know of any Local that has done better and we would do a lot of hand shaking, but up to this time we are the most egotistic bunch you ever heard of.

We have a strike on at the Baltimore Dry Docks and Shipbuilding Company here, Dry Docks and Shipbuilding Company here, is not settled. They have also the open shop fever, but according to the way they hire and fire rats they are not getting much satisfaction although we have had the satisfaction of finding out fourteen rats we had in our organization, who at the present time are carrying some heavy fines. Cheering ourselves with a psychological view of the find we made, we conclude a rat is a rat and will undermine, so we are satisfied as we are better off with them out than in. A ratty rodent that we are particularly desirous of advertising at this time is one, Herbert Roberts, card No. 441749 who played along with the organization for seven months, getting what information he could and then playing up for the company.

We have a real live bunch of something over a thousand members, who to name all the good fellows would consume all the

space in our Journal. But however will give credit where credit is due, and mention a few of our honest to God officials. We have with us now one Ed. Bieretz Busy Agent and general live wire of twenty-eight, who on taking up his present position had an organization some fifty percent organized. Through the work of Bro. Bieretz and several other diligent workers we are now an organization of very near the hundred percent mark, and doing our business in harmony with the Contractors at the rate of \$1.00 per hour. Also wish to mention our Secretary, Brother Fagen, a better man in this position no organization has, always on the job, an honest union man, a wise head, a good counsel and always stands for that which is right.

There is a possibility of several large jobs opening in the future, but at present we are overcrowded and in difficulty with two large companies, so Brothers don't check your baggage to this burg until we give notice through the Worker, as you might have some bait offered you we thought it wise to wise you up a bit. When there is room here you will receive due notice.

We have bought a home of our own, which at present is under alteration to serve our purposes, included in which is an up to the minute school for our members, treating every phase of the craft. I will tell you more of this at a later date. I hope that every one is behind the A. F. of L. in their non-partisan move and remember it when they vote November the 2nd. Hoping this passes the censor as it is my first attempt as press secretary, I am fraternally yours,

L. J. Harrington,
Press Secy.

L. U. NO. 38, CLEVELAND, O.

Editor:

Being the newly elected press secretary of Local No. 38 and as this is the first time which I have had the honor bestowed on me, I thought I had better get busy and start my duties.

Local No. 38 held their election on June 29th. We had a lot of rivalry for the different offices, there being fifty-nine candidates in the field.

It took the election committee from 9 P. M. to 11:30 A. M. the next day to complete the count, and the results were as follows:

President—Robt. J. Unger.
Vice-President—A. S. Bovard.
Financial Secretary and Treasurer—S. Recording Secretary and Business Agent—C. Sickman.
Executive Board—S. Bigler, J. A. Groves, H. Conway, W. Selby, Robt. Unger.
Trustee—R. R. Burkholder.
Exam. Board—W. Selby, W. W. Wright, A. Henderson.
Inspectors—R. J. Wiggins, S. W. Geib.
Foreman—P. J. Dunn.
Delegates Cleveland Federation of Labor—J. Fitzgerald, C. Sickman, R. Wiggins, J. A. Groves, P. E. C. Sater, R. R. Burkholder, A. E. Hussong.
Building Trades Council—S. C. Bigler, J. A. Groves, J. Fitzgerald, C. Sickman, B. Fisher.

Press Secretary—R. R. Burkholder.

Local No. 38 has been progressing wonderfully in the last five years, and we feel today that we have one of the most progressive locals in the Brotherhood, that is for an active local, which is wide awake to all the happenings of the day.

Everybody is busy in Cleveland, but there has been a slow down in the building line, owing to the fact that the banking interest have tightened up with their money

and also because the lumber and building material interest have been profiteering so heartlessly that the prospective builders can not see their way clear to go ahead.

The Chamber of Commerce held an investigation on the High Cost of Building and they as usual made Labor the goat. They could not find any profiteering anywhere, but they say that Labor is the fault as their production has fell down 30 per cent.

But you can look up statistic and you will find that lumber and other building materials have gone up 300 and 400 per cent in the last four years, so this don't look as if Labor is to blame. But moneyed organizations glory when they can get an opportunity to send in a rap at Organized Labor. There is a nation-wide movement on foot now to spread broad cast through out the country, damaging propaganda to discredit Labor Unions, before the eyes of the public. So the Capitalistic Class may have clear way to get some more "Esch Cummings" bills passed and some more "anti strike" legislation through.

Local No. 38 is awake to the times and has got into politics. Over five hundred of our membership are members of the new Labor Party and we are there to see that we will get a square deal from our Government.

Do you know that out of 531 members in Congress there are 323 lawyers. Is there any wonder that the workers are not getting a square deal, and that the profiteers are allowed to run wild in their orgies of thievery.

So Brothers get into politics, use your brain power and vote for men, who are one of you. Don't be bamboozled any longer by a lot of professional politicians who tell you before election how much they are for you and after election forget all their promises, and go and work against your interests.

It is getting high time that we wake up for if we don't the good Lord only knows where we will be at the end of the next four years.

Fraternally yours,

R. R. Burkholder, P. S.

L. U. NO. 71, COLUMBUS, OHIO.

Editor:

We have been since last October endeavoring to put Local Union No. 71 on a plane which would entitle us to the respect due a bona fide organization. According to history, we should have met opposition from our ancient antagonists, commonly known and addressed as the Electrical Contractors' Association. History has repeated itself with a vengeance in our case, in this good old Columbus, open shop town. Our first opposition consisted of direct orders from employer, to employees to stay out of that D— Union. Sorry to say, some few did stay out, and have continued to do so to date, but the men with opinions of their own used their own judgment in this matter, and consequently we have today a membership of over 150 men who have asserted their rights as American Citizens, and don't propose to be domineered over by any Czar in this land of the free and brave.

Our next opposition was in the shape of an individual open shop agreement, which was promulgated and financed by our benevolent and patriotic (?) Association of Electrical Contractors of this city.

Finding that the boys could not be blind-folded and lead by a halter, which was rotten, they have posted notices that the bonus will be void after July 1st. Score Victory No. 2 for our boys. Your humble servant was elected Aggravating Agent recently, and have just returned

from a funeral, and finding a note to call a certain telephone number, was requested to meet one of our respectable and trustworthy (?) employers at one of our modern hotels. Naturally, being an unsuspecting individual, I readily acquiesced, and on arriving to the designated place, had the pleasure of meeting three of our contractors, the president, secretary, and the sergeant-at-arms, I believe, of the association.

After gum-shoeing around the hotel, a la Sherlock Holmes, and finding no place secluded enough, they dodged upstairs to the writing room, and after cautioning one another like vaudeville villains do, one of them cautiously drew from the secret achieve, a letter addressed to the business agent and the executive board of Local Union No. 71, and in which they invoked the aid of all the legislation enacted, pending, and recommended for passage, whereby they sought to intimidate us.

Now our situation is similar to one of which we read about in History, which occurred on July 4th, 1776. A band of a few true Americans knocked the shackles off America, and true descendants of those Americans are going to parallel that event in history, by knocking the shackles off our boys on July 3rd, 1920. Now boys, if this gets into the Worker and you have time to read it, do so, and call some other brother's attention to it, for it means an up hill fight for us, and we may be compelled to ask for financial assistance. In event that we do, please don't refuse us, even though it is only a small sum, for you know the Lord loveth a cheerful giver.

In closing this letter, we earnestly request your cooperation in this, our battle, by advising your men to stay away from our town until further notice, as we will invoke that section of the Constitution relative to traveling cards, which gives us the right to refuse to accept same while our fight is on.

Trusting to have your hearty cooperation, and that the editor will not blue pencil us, and with the positive assurance that you will hear from us each month from now on, we are, with best wishes,

Yours fraternally,

J. C. McCoy, B. A.

L. U. NO. 78, CLEVELAND, OHIO.

Editor:

Luck and good management were with me, therefore I was elected Press Secretary after a very hard and strenuous battle. By my friends? They put me across fine and dandy, and I wish to thank them one and all here and now. And to show them that I appreciate the honor dumped on me I will put Local No. 78 on the map insofar as the Worker is concerned this once at least. And if I never send in another letter my percentage will be greater than most Press Secretaries.

Work in and around the Fifth City is fairly good but we are not overstocked with work, and could stand a heap more. Jobs I mean not work. We have just completed after much trouble, and in the end being forced into arbitration, our new wage scale.

The Local Wage Committee worked for some time trying to get our proposed scale granted or something from our masters that would be acceptable to our membership. But the Committee was unsuccessful and we were compelled to ask the G. O. for a representative to come in and try and stave off the strike that at that time seemed impossible to avoid. Brother Ed. Evans was sent us by the G. O. and he immediately got busy as soon as he arrived, and I might say at this time he kept busy until the matter was settled.

He was able to get a counter proposition to bring before the Local, but it was turned down by the membership. And as they had proposed arbitration in the event we should turn down the counter proposition there was nothing to do but to accept arbitration or strike. Brother Evans very wisely advised arbitration. And latter developments convinced us of his wisdom.

The Local selected Brother Evans to represent us on the arbitration board, and we are all satisfied that we were very ably represented, the award of the board shows that.

I will state at this time what our original demands were, and what the award of the board was.

The demands were: Splicers, \$1.50 per hour; helpers, \$1.25 per hour; foremen, \$300.00 per month.

The award of the board was: Splicers, \$1.25 per hour; helpers, \$1.00 per hour; foremen, \$275.00 per month.

The same was accepted by the Local to take effect June 1st, 1920 and to expire May 1st, 1921. At the same time the men working for the Police and Fire Alarm were granted an increase as follows: Splicers, \$2,700 per year; helpers, \$2,166 per year.

We feel that we were treated fairly by the arbitration board, and that the award given us was the best that could be expected under the circumstances. We are very grateful to Brother Evans for the able and very efficient manner in which he handled our case, and he may be assured of getting the glad hand from Local No. 78 at all times.

The regular election of the Local was held last meeting night. I have not at this time the complete list of the officers elected, but will have them ready for the next Worker.

I will send you the name and address of the secretaries at this time so the changes can be made in the directory of the Worker.

Financial Secretary—Leo A. Connors, 14016 Castalia Ave., Cleveland, Ohio.

Recording Secretary—W. R. Lennox, 2182 E. 9th St., Cleveland, Ohio.

Our friend the Politician is at large again, and is very busy just now and will be until election day, giving us the glad hand and telling us what a good friend of labor he is and always has been. Labor is getting fed up on that old bunk, and it is time that we make them produce the goods or put the rollers under them. Now is the time for us to get busy and get a line on all candidates, and vote for those only who we find to have a clean record.

We have been sending our so-called friends and enemies into public office for years now and very little we have received from them.

So let us change that old system this fall, and send our own people into the public offices. Vote the way you strike Brothers—TOGETHER. Never mind the individual stick by the principle.

The Brothers on the coast are sure having a tough race with old Mother Bell and it would seem by the list of the scabs that have been published in the Workers, that all the rats in the world had settled on the coast some time ago, masquerading as regular men, but have now been forced to come out in the open and show their true colors.

The true blue union men there who are sticking out and putting up the fight for the very life of the I. B. E. W. on the coast, should have all the help and encouragement possible from all of us. For if the Bell is successful in putting over the so-called American Plan on the coast, we can be sure they will not stop at that,

but will continue the fight to put it into effect wher ever the I. B. E. W. has been able to organize any of their employees. So help the Brothers on the coast win, and thereby keep yourself out of future trouble with the Bell.

I guess I had better dead-end this brain storm now or I wont have it finished in time for the Worker this month.

Wishing the officers and members of the I. B. E. W. heaps of luck, I am,

Fraternally,

W. R. L.,
Press Secretary.

From the appearance of the correspondence section of the Worker, it would appear that interest in that section at least, has grown wonderfully. It may be new blood or a desire, which most all of us have to "see ourselves in print", but above all it is a good sign—evidence of the fact that more good members are waking up. It is a pleasure to read correspondence. All glory to its contributors, may their pen-hand stay with them.

Local Union No. 68 has a Press Secretary who has caught the idea politic, insofar as he is right about suspicion attached to the person and actions of the average Labor Skate who is trying to help his brother by using Politics. I am afraid that he overlooked the fact that a great many of them have, in the past, used power given them by good union men to further "personal" desires and conditions, thereby creating just the condition which the Brother complains.

Speaking of the ladies, the writer is reminded that at the recent convention of the Virginia State Federation of Labor he had the honor and pleasure to vote for and see elected the first lady member of a State Federation Executive Board. (All other State take notice). The convention was in session at the same time that the A. F. of L. was in convention, and a telegram was sent to them to "go and do likewise."

Brother Tim J. Sullivan is the right sort. His article relative to the thing that got into his local is fine. How much better our conditions would be were we all able to see with the eyes of T. J. S., such fellows as the one he mentions would die out of the movement. If possible a register of those men who are of such calibre would do a world of good. I mean by that, if every man found to be a paid traitor to the I. B. E. W. was to be listed and his record published in the Worker each Brother could make a file of the reptiles and thereby safeguard his Union in case this reptile should apply for admittance. If it is possible to do this it would not be long before this kind would be extinct, at least inside our ranks.

Our own Local has been marking time since May 1st, awaiting the outcome of another one of those open shop fiasco's. So far, the Building Trades are the winners. The unions affected have disposed of practically all of the men who were affected, and feel that they hold the whip hand. The few contractors who are managing to hold this great benevolent movement that is of great benefit to the public together, have their hands full. Also, a great many of the public are wondering just exactly how they are being benefited. It is an insurmountable fact that the majority of the public hesitate to trust those great benefactors of humanity who have but recently been accredited with occupying a position of "the Public be damned" attitude. The dear public has undergone great changes in the last five years. They are less gullible than formerly. They also

are beginning to question the spontaneity and genuineness of the affection lavished upon them by those interests who are looking for returns on the investment. Such applies to the open shop movement or the American Plan—all of them are the same. People, the public, those interested—even the small business man, are wondering what Big Business will do for them if they are able to crush the Unions. (?) Some question for the dear public to turn over in its mind. Some food for it, as is evidenced by the fact that even thought for them, and they are digesting those newspapers who are opposed to Unions generally are the very ones who are now making haste to ally any suspicion in this connection. American Plan! God, to what lengths the leeches will go in order to belittle, slight and cast suspicion on the Union Movement! As sure as the sands that run through the lawn-glass, just so sure the defeat of this movement if the Union men bear in mind the fact that a stiff back-bone and Father Time cures all evils.

Editor:

Owing to our difficulty with employers and other business of a lesser nature, I was shut out of my communication to the Worker for the month of June, but with conditions about normal again, I will try and give you a synopsis of our business for the past month or more. On the first day of May, Local Union No. 82, I. B. E. W. of Dayton and vicinity went out on strike to force the issuance of a wage of \$1.25 per hour for journeymen, double time for all overtime, and several other things that we thought were essential to us as individuals. I can state that we have an organization that surely is second to none for loyalty to their officers in a time when they need all the support they can get. Local No. 82 has financed their last two strikes in a way I think is wonderful for the results it has shown. First,—All men who are working regardless whether they are Journeymen or Helpers, pay 20 per cent of what they earn each Saturday noon to the strike committee, who credits each man with his assessment. The strike committee calls a meeting of all strikers twice a day at 9:00 a. m. and at 3:00 p. m. to get a check on all men out of employment. Each Monday during the strike we paid all Journeymen out on strike \$20.00 per week and all Helpers \$10.00 which I claim is some strike benefit. During the last week of our strike, Brother H. H. Broach came to our rescue and through his efforts we came to an agreement with the Contractors, whereby we settled for \$1.10 per hour for Journeymen, all overtime to be paid at the rate of double time. The Contractors also furnish all Hack-saw blades, Compass saws, 11/16 bits, Star-drills, and all pipe tools including 14-inch wrenches and over. Since my last letter to the Worker we have re-elected Brother John Breidenbach, Business Agent for another year, and also raised his salary from \$55.00 to \$70.00 per week. We also raised our initiation fee from \$100.00 to \$150.00. The Strike Committee would like to take this means to thank Brother H. H. Broach for his support and efforts in bringing about a settlement under which we are now working, also the members of Local No. 82 for their stability and courage in time of difficulty. Local No. 82 hopes to give a basket dinner for all the members and their families, in the near future at which we expect to have a grand good time. In bringing this letter to a close would like to say that we are still without car service. It is going on the third week since the fellows were out, and as yet

While this is my first attempt at writing a letter to the Worker I shall endeavor to describe a few of the Short Circuits that exist in this vicinity.

There were but few changes in our midst at the Annual Election which tends to show that the officers of this Local have been doing their bit throughout their last term which I am proud to mention and only hope that there are other locals in the same position.

At this time I would like to advise all traveling brothers who are about to head this way that work is none too plentiful at present, nuff said.

Heretofore I was none too proud of the reputation that existed regarding the strength of this local but wish to say that we are continually increasing our membership and hope to continue, especially since the contractors are waking up to the fact that we advocate co-operation and stand ready to back it up at all times.

I would like to mention before closing that a very large job fell by the wayside due to the wonderful support of our dear fellow workers, namely Mr. Carpenter (hatchet and saw) get me and regret in a way that they were suspended from the Building Trades Council.

With best wishes to the Brotherhood, I remain,

Due to the fact that the 1st of the month is the latest that letters will be accepted for publication in the Worker and not learning of same until this month is why my letter for July did not appear, however, I trust you will publish my July letter to prove to some of our dear brothers who were delighted to razz the new P. S.

Reporting for this month I will say that working conditions are about the same but it seems the dullness is due to poor shipping conditions, material not coming in.

There is some talk among the building trades of this vicinity of opening a Union Bank and if once adopted I think we will be pretty well on the way to battle the so-called money men especially since they are about to wage a fight on the Open Shop proposition, since money is their only weapon there is no reason why we should not be prepared for future events.

Hoping in my next letter I will be able to tell something about our annual picnic, with best regards to the officers and members of the brotherhood.

Work in this vicinity is not what you would call busy. A great number of our members have taken out traveling cards and gone out of town seeking work. Here in New England the electrical supply houses have been unable to obtain any large amount of material. There are many jobs tied up waiting for stock. This condition doesn't only apply to the electrical end, but to all branches of the building trades. It seems that New England being in the northeast corner of this glorious and wetless nation is left out, as far as getting its share of building material. I don't think this condition exists in any other locality, because we get many reports that all over the country there is a demand for building trades mechanics to work on jobs that are now under construction.

Here in Boston we are receiving \$1.00 per hour and a 44 hour week, and the eighteen months agreement that we are now working under expires December 31st, 1920. We have given our contractors the usually six months notice stating that we intend to change our agreement at that date.

All the Building Trades here are working under this same agreement.

We have been receiving reports about the employers giving voluntary increase in wages to the men in New York and Cleveland, but here in Puritanical Boston at this writing we haven't seen anything that looks like a voluntary increase in wages.

I am sorry to announce that the past month we had the misfortune to lose two good members, Brothers W. L. Plimpton, and Walter F. Barton, who passed on.

I remain,

"Major" Capelle,
Press Secretary.

Since our last letter we have elected and installed new officers. Pres. Brissman was unanimously reelected as was also our Recording Secretary, Brother L. P. Kelly. Brother R. W. Holmes was reelected Financial Secretary. Brother Holmes has taken exceptionally good care of our financial affairs and his reelection registers the approval of his work. We have a new Vice President term, Brother E. T. Stewart being the incumbent.

In looking around to find a man to succeed Brother Sid Bush as Treasurer, we encountered considerable difficulty, because of the efficient service rendered by Brother Bush who declined to again become a candidate. Brother Louis Syring was finally selected but later resigned and Brother Andy Jergenson was elected in his place. The inroads that the H. C. of L. has made upon our members became evident in this election of a treasurer. How? The bonding companies insist that a man must have more than a spare shirt and a pair of pliers and a screw driver to be acceptable to them. No wonder that we are developing some militant members.

Brothers H. P. Adams and Baldwin Svendsen were elected trustees. The election of business agent was a rather spirited affair with Brother H. Cover emerging as the successful candidate. As should be after a contest of this kind, he starts his work with the confidence of the entire membership back of him. As a member executive board and wage scale committee, he has met situations in a fearless and

conscientious manner winning the esteem of his fellow members. Our new executive board consists of the following Brothers: H. M. Staples, H. E. Hansen, H. P. Adams, Ted Warnloff, E. B. Bantle.

Reports came to our local a few weeks ago that H.O plus 4 per cent was obtainable at a nearby town down the river. Thereupon, Brother Mike Muth immediately moved that an entertainment committee be appointed to investigate and be given power to arrange for a picnic, seconded by our new vice-president, favorable comment by Brother Smith, silence by Brother Bush. Executive arrangements are nearly completed.

The Minnesota State Federation of Labor recently convened at Rochester, Minn. Delegates report a very successful convention in point of harmony and progress.

Submitting this for condemnation.

I am fraternally yours,

Chas. E. Strong, P. S.

Note.—Rumor unfounded. No 4 per cent in Red Wing, Minn. It will be a near picnic.

As I was out of town and unable to write last month will again give vent to my feelings in the Worker. Things are sort of dull down here and as it has been very hot, it takes quite a bit of nerve even to write just a few lines. Am sorry to say that 112 has lost one of the best men it ever had but hope that some day he may come back to this old burg and give us his support again. Billy Montague is his name and he left his old love to go to Akron, Ohio. We have lost a good member and they have gained one, and we sure wish him the best of luck in his new surroundings. No. 112 wishes to thank Brother Goble and the International Office for their untiring efforts to aid us in our recent troubles. We initiated several new members again last meeting and are striving to make Louisville a 100 per cent town. It will be a hard thing to do. We admit in the face of the fight, the open shoppers are waging in this town, but their worst attacks are organized labor, are our best arguments and we feel equal to the fight as we are gaining all of the time. If the unorganized worker would only know of their underhanded unsidious way of attacking decent men and women, they would flock to our standards in throngs. I fancy though that they are getting sick and tired of the fight in some parts of the country, because they are steadily losing and then win. I should say not. If you are right you may have to make sacrifices in the face of evil but remember the old saying which has been found true, each and every time, and that is Right, in the end shall triumph over wrong. I wonder how many of the brothers realize that election time will soon be here, and how many of them have taken the trouble to find out who has been their friend and who has not. Remember Brothers the time to settle that is in November and not wait until next January and say I thought this and I thought that.

Now is the time to find out what the candidates have done in the past. Look them up and forget the fact that Dad was a republican or a Democrat and vote for the man who has not been afraid to stand up for organized labor. If we don't attend to this now, next election may be too late.

If every person who carries a card would line up to the obligation they take and would get out and organize and not wait for the organizer, I dare say that in three years we would have practically every un-

organized worker in the fold. Folks let us wake up and be doing or Big Business may do us. Let's each and every one of us bring or try to organize at least one person in the next year and we can consider it a job well done. Organize, what a magic word, why everybody is doing it from the largest to the smallest. Boys we learned the corporations to organize, now let us show them that we have better organizers and better organizations than they have or ever dare to have. They may call us reds, Jews, Bolsheviks and such things like that, but we would be d—m fools if we didn't do something. It don't do us any harm even if we don't organize a soul. I have been talking organization to a certain party for the past two years. He is still obstinate but he is showing signs of weakening and I believe I will be able to land that bird in the next year or so and am only sorry it is not in our organization. Just think what organized labor has done for us all, not only the organized worker, but the unorganized worker. It has made better working conditions by giving us the right to say what we shall work for, the hours we shall work, the wages we shall receive and the kind of place we shall work in. Before, the employer told us how to work, where to work and what to work for, regardless if it was just or unjust. I have never yet saw our Labor Organization try to limit production or do the other base things that are said about it. By the Open Shoppers the Organized Worker keeps the unorganized workers wages up because every time that Bill and Tom in a closed shop gets a 50c raise, Fred and Jim in the open shop get a 5c raise and I might add 500 promises if they will be satisfied. The trouble of the unorganized workers is that they would like to get better working conditions, but are afraid to tackle the job. Down through these parts unorganized people are paid very poorly. The open shoppers believe that \$3.00 per day of 10 hours is a fat nice salary and throw in a couple of hours with no extra pay on Saturday for good measure and the fact of the matter is that any person working for a living these days and especially one who has to support a family, who is satisfied on three hours a day for 10 hours is getting just about what he deserves and all he is worth because when a person's ambition does not run any higher than that they have reached their goal in life and wont go no further and the sad part of it is that once in a while you run up against just such a person. I had one person tell me that \$3.50 was enough for any man and I had all I could do to restrain myself from soiling my hands on his dirty face.

The calamity howler tells us that the H. C. of L. will not come down until wages come down, but they cannot see the fact that the H. C. of L. is going much higher and rising faster than wages. So many of our unorganized friends are sore because the Railroad Men and Miners and a few other of our organized workers have received increases in the past year. I do not see where any person working for a living is drawing such a fabulous salary and jealousy prompt the calamity howler to make a squeal whenever one boosts himself, but the same people would take it and be glad to get it, but as I said before they have not the backbone or nerve to do anything for themselves. I could write all night on this subject, but cannot find words to express my feelings, so I have just put it down in the only way I knew how. We are still working for our labor temple and expect to go over the top by September 1st. Watch us down here boys. Well I guess I will close the circuit by wishing all of the boys around

the circuit good luck and the best of regards.

Fraternally yours,

Chops, P. S..

Just a few words from Gt. Falls to get started as I am a new man on this job. Bro. Parsons better known as (Whisky Parsons) is all smiles these days, as he has been elected to fill the office of President of No. 122. Well there isn't much news from this part of the country just now. We have a new agreement coming up with the Montana Power Co. and The B. & M. Co. The old contract expired on July 1st I believe, but as yet I am unable to say what progress has been made towards a new one. What we are trying to get is a state-wide agreement of \$8.00 per day. The Telephone Contract does not expire until Sept. 1, 1920.

I suppose we will meet with a lot of opposition from the employers for a state-wide agreement as they seem to be very strong for the "American Plan" whatever that is. Well as I don't know very much about the situation will not try and write much about it, but by next month things will be pretty hot around here in my opinion and I will have something to write about.

Fraternally yours,

L. U. NO. 154, DAVENPORT, IOWA.

Editor:

The strike of the Local Unions 109 and 154 still continues with no possibility of a settlement in the near future.

The Davenport Light Co. continues to employ scabs through the Fields Detective Agency. The Company is protected by an injunction which was served on the Local Union members immediately upon the arrival of the strike breakers in town.

We have received information from a very reliable source, in fact, from one of the men themselves, that the Company was paying their strike breakers \$12.00 per day and expenses. In return for which the men agreed to relieve the Company of any responsibility from any damages that might befall them because of incompetency or otherwise.

According to information of our informant upon the arrival in the City and becoming aware of the actual conditions existing he refused to go to work, but instead presented himself before the strike committee and gave the information as stated above.

It is our intention if possible to obtain the pictures of the men who are now employed in the capacity of strike breakers and have their pictures published in the Official Journal so that all local unions throughout the country may be able to be on the lookout for these curs in your city and trust that you will treat them in a manner befitting such crooks and curs.

In the fact of all this opposition, each and every member is just as determined as ever and we are strengthened by the able assistance of Brother W. M. Chiles our International Rep. who is here with us and has been rendering valuable assistance.

We have been compelled to appear in court on minor charges, but up to the present time have had no serious difficulty and by following the advice of Brother H. D. Smith, Business Agent for Local 485 and 635, we have avoided violating the injunction. We were compelled to face a delay of 8 days before we obtained a hearing to have the injunction dissolved, and

at the start all indications pointed to our being successful in that direction, but up to the present time no decision has been reached in the matter, but we are expecting one to be handed down almost any day and if the Courts decision is favorable to us, then these strike breakers will be left with no protection other than that accorded to any law abiding citizen.

At the present time we are working with the contractors who are building lines leading out from the City, but with the assistance of brothers Chiles and Smith we are hopeful of reaching a settlement with the Power Company in a few days.

We have received several answers to our appeal for assistance and are hopeful of receiving sufficient assistance to carry us through, but of course realize that a great many cities throughout the jurisdiction are having the same trouble that we are confronted with, but we wish to assure all that any donation made will be greatly appreciated.

This is a rather lengthy communication, but owing to the lack of space we have been compelled to leave out a great deal that is important and only those matters of the most vital importance have been mentioned.

With best wishes until next months Worker, we remain

Strike Committee,
Wm. R. Whitesell,
O. P. McKivett,
Martin Balske.

Editor:

I am taking the liberty to write you just a few words to advise you that the new local for outside worker, No. 166 that was organized on March 17th is gradually growing. We are not having a rapid growth, just a steady, healthy growth.

The local started with eleven members whereas now we have between twenty and twenty-five members.

The boys have been contending with a strike of the Lincoln Traction Company workers. Eight of the nine men employed going out. They are still out and feel sure they will ultimately win as they are just as loyal, just as strong and just as militant as ever and have the moral support of every union worker in the community.

The C. L. U. has put the amusement park of the Traction Company on the unfair list and a fine of \$5.00 is tacked on every union worker caught on the grounds. There are a few men working or have been working for the Traction Co. whose names I believe should be published in the Worker, so that the Brothers may know just who the scabs have been in this town. Some of these arts we have reason to believe are carrying cards, namely (Joe Brittain and Lawrence Baxter) the others are Wallace Laughlin and Mart Carveth, foreman and N. G. Jay, groundman.

Fraternally yours,

B. L. Riggor,
Acting Recording Secy.

L. U. NO. 184, GALESBURG, ILL.

Editor:

A few lines to the Brotherhood to let them know how our strike is progressing here. We are still holding our own, and have put up a good fight, despite the great odds against us. We have beaten the telephone company and the "open shop" plan to the extent that now they are trying to have the courts beat us, by having an injunction issued against us by one Harry M. Waggoner, judge of the ninth judicial circuit, telling us what we cannot do. He leaves us the right to

breathe and that is about all providing we obey the injunction, which we will not do as it is to rank for free born American citizens to submit to. Through the State Federation we engaged legal counsel thanks to John H. Walker who should be our next Governor of Illinois if Labor votes as they should. We now have with us Attorney McDonald, sent here through the Federation to try and break the injunction. We have our pickets still on the picket line and so far there has been no arrests. The operators have fifty-seven members involved and have only lost six girls who have went back scabbing and this is the sixth week of the strike. We have lost one man, a wire chief. All the linemen are still standing solid. We have been paying strike benefits, said money put up by other organizations of this city. So Brothers if you get an appeal for aid from L. U. 184, anything you can send will be appreciated for this is not only a telephone strike but we are fighting the Chamber of Commerce and their 'American plan' the "open shop" and expect to come out with a closed shop or nothing, as an open shop will not do. The inside men who were also locked out by the contractors have away the best of the fight as they are all working for fair contractors and have all the work they can handle and have practically eliminated three who stood for the open shop from the contracting business and I think by the time this goes to print they will have two of them signed up. Electrical workers of the ninth judicial circuit please remember Judge Harry Waggoner when he comes up for reelection and cast your ballots for a man who will pledge himself to your cause, and not for one who will try and take away your daily bread. Below is a brief sketch of what we cannot do according to the injunction:

WHAT WE CANNOT DO?

The following are the things that the injunction forbids organized labor to do in this city. When you get through reading it you will agree that the rights of the people are being abused, and stolen from them. This is another demonstration of the need of independent political action by the great masses who toil for their living.

From in any manner interfering with, hindering, obstructing or stopping the business of the complainant, or the agents, servants, or employees of the complainant, in the operation of the business of the complainant;

From picketing, or maintaining any picket or pickets, at or near the premises of the complainant or along the routes used by persons in going to and from the premises of the complainant;

From patrolling or congregating in front of or in the vicinity of the place of business of the complainant;

From exhibiting or distributing, or causing to be exhibited or distributed, printed or other matter in front of, or in the vicinity of, the place of business of the complainant, designating or characterizing the complaint as unfair to organized labor;

From soliciting or inducing, or attempting to induce, persons not to enter into or continue in the employment of the complainant for the purpose of injuring the complainant or interfering with the business of the complainant;

From soliciting, inducing or influencing or attempting to induce or influence, persons not to patronize or deal with the complainant;

From preventing, or attempting to prevent, persons from freely or voluntarily entering into, or freely or voluntarily contin-

L. U. NO. 205, I. B. E. W.

Editor:

Local No. 205 has just elected the following officers and again the destinies of the Local are in good hands for another half year. President, John B. Jenkins; Vice President, W. E. Bumpus, Recording Secretary, A. Julien; Financial Secretary, H. H. Bradshaw and Treasurer, Roy Flebbe.

At last regular meeting Local No. 205, passed the following motion and hope by it to save considerable dissention and jealousy among the brother at outlying points where the up town locals get one or two of our brothers. Moved and seconded. All brothers belonging to sister Locals working within the jurisdiction of Local No. 205, be assessed fifty cents a day until such time as they deposit their traveling card in Local No. 205. Effective August 1.

Brother Jenkins was elected delegate to System Council No. 1 and it is the aim of Brother Jenkins and Brother Christie that we have a real System Council on the Union Pacific and it is to that aim that they will work for at Salt Lake.

The next meeting July 15, is a notified meeting for consideration of changes in the By-laws.

As the writer is short on time and news this will be all for this time and in the future Brother O. C. Bond will have charge of the letters to the worker and Brothers on the road.

Fraternally yours,

Riley.

L. U. NO. 210, ATLANTIC CITY, N. J.

Editor:

Having been elected Press Secretary, I will endeavor to let the Brotherhood know that Local 210 is still on the map and is a very thriving institution in the Playground of America.

At present we are having trouble with the Atlantic City and Shore Railroad Co.

The boys have been out on strike against that Company for the past three months and they have stuck together like glue with nary a sign of the white feather.

The Company is advertising for linemen in the Philadelphia papers, so all members coming this way beware of that add.

The Company claims that the men walked off the job and did not strike but the strike is sanctioned by the G. O. and was called by our Organizer Brother Kloter, after all of his attempts to deal with the officials of the Company were spurned.

The boys are asking for more money and better working conditions. There were two card men who blew into town without the green ticket and went to work on this job after it was declared unfair. Our Business Agent did everything but use strong arm methods to get these two scabs off the job and finally after three weeks he succeeded in clearing them out. At present there are a couple of scissor bills working on the job but I think that their days are numbered as neither know enough to come in out of the rain. One is an ex-member and the other was probably made for this occasion.

I hope to be able to furnish names and card numbers of the first two "Rats" also will do the same for the others who are doing the trick at present, in my next letter.

I regret to state that Brother Joe Miller had a nasty fall about three weeks ago. A ladder broke with him and both ankles are badly jammed up. Joe is a good scout and here's hoping that he will soon be able to hit the sticks again.

Greetings to Brother Hildy of South Bend. Would like to see some of his handwork in the Worker again. Also Brother Doc Hani of somewhere in Michigan. All of which reminds me that Brother Red Davis from out Michigan way is in town working on the new Retz Carleton Hotel job.

I wonder if Local 51 of Peoria has been gassed as I have not seen any of Brother Zeb Brown's interesting articles for many a day. Hit 'er up again Zeb.

If the editor passes favorably on my first attempt as a literary dude I intend to have a letter in the Worker each month as I believe in publicity and advertising.

We have no regular flop or meal ticket but any brother coming to our beautiful city by the sea will never have to carry the banner or go hungry but be sure and have a paid up card and the little green one at that.

Remember our motto, Atlantic City all the Time. With best wishes to all, I remain,

Faternally,

Bachie.

L. U. NO. 212, CINCINNATI, OHIO.

Editor:

After much discussion and many predictions as to who the officers of No. 212 would be for the ensuing year, the majority of brothers saw fit to re-elect the same old crew. They are once more placing their shoulders to the wheel to see old 212 safely through the period of another year. We all admit of the rapid and wonderful progress made during the past few years. Progress in any organization comes only through proper and capable engineering or leadership. I personally have had called to my attention organizations that have utterly collapsed through lack of proper officials. No doubt many mistakes have been made during past years by those at the head of 212, but what of it, large and difficult undertakings warrant mistakes and let us not lose sight of the fact that those

who do not make mistakes (of which there are many) are those who never accomplish anything.

I have nothing but good words and praise for all defeated candidates—having quite a personal feeling toward several of them as close associates. In all cases the opposing candidate, up to the final hour when returns were officially given out, was quite a prominent figure and no doubt had caused his opponent to suffer through considerable uncertainty as to what the final outcome would be.

We wish to announce here that we have real elections our way.

This is mostly through the efforts of Brother Bill Higgins, he being one of the very prominent politicians of our village, enables us to secure several of the regulation election booths where a fellow can suddenly exit and mark his ballot intelligently without fear of being molested by various candidates for office. These booths are all equipped with the regulation penny lead pencil about one and one-half inches long tied to a rope and all the other conveniences which accompany the modern booth, which makes our elections appear more dignified than otherwise.

The recent appointment of Brother Frank Finchman to a very responsible position with the W. G. and E. Co. is another illustration of the mechanic passing the student. With our local university turning out "competent men" annually, and in a great many instances boys of 212 securing the better positions it is hard for us to appreciate the value for the necessary documents which introduce some as "Electrical Engineer." It is not my intention to register a knock against schooling in any of its branches, but on the other hand I feel that it is quite necessary and worthy of unusual consideration, but we must still bear in mind that there is and always will be a large fertile field to be covered by the mechanic who has never been financially able to secure the college education.

That old age is complete master of various conditions and holds the ruling hand over us all is our idea which we must from this date abolish absolutely from our minds. This sudden change of opinion was brought about through Brother Guy Hecker announcing the recent arrival of a bouncing youngster at his headquarters. At Heck's request I will announce through these columns that on our first meeting of September said brother will distribute cigars to all members present in honor of this most note-worthy occasion. He claims that during this modern period, there being no other method of celebration such as the flowing cup used by our forefathers, we must be content with cigars only. We will thank him however just the same.

We all continuously complain of tough luck. I know I do. Recently I took personal inventory, resulting in a sudden realization of how fortunate I have been. Especially in comparison to our worthy Treasurer and Brother Al. Behrman. In dealing out bad luck he certainly has been given a full hand. No more than a year and a half ago, Brother Behrman lost his aged father, about four or five months ago his twin sister died and very recently his mother passed away. Now look yourselves over, some who like myself thought that bad luck had overtaken them. Compare yourself with the above and I think you will agree with me that you are not so bad—bad off after all.

To Brother Behrman we as a body extend our deepest sympathy. You all no doubt recall my using these columns to solicit your support at the polls in my efforts to again secure the position of press secretary.

The result was wonderful. That together with a very strenuous campaign which my manager drove me through also some other secret methods which for certain reasons I dare not expose, has once more placed upon me the much desired compliment (which even I, admit, I am entitled to,) of being master of the pen for No. 212 for at least one more year.

With best wishes to everybody whether in office or not, I beg to remain
Fraternally, yours,

E. S.

L. U. NO. 220, AKRON, OHIO.

Editor:

As you have not received a letter from L. U. 220 I will let the Brotherhood know how things are in the city of opportunity.

The best advice we can offer members at this writing is, fight shy of this place as there is not enough work here to keep Slim Klaine at work and away from the Business Agents Office. At least every time the writer drops into the office he is to be found in consultation with the B. A. framing a political platform for the President of the U. S. on the Labor Ticket, which he will present to the body at the Chicago Convention, July the 10th.

The bottom has fallen out of things in our jurisdiction. Buildings are being held up, no new buildings being started, the only thing we have to employ our minds between reading the returns of the Democratic Convention and the Street R. R. Strike that was pulled this A. M. is a little repair work that always comes during the hottest months of the year.

A word to members in regard to the coming election. You know your duty as a citizen of the U. S. and as a member of Organized Labor. Cut your party politics. We are after results and there is only one way to get them, get behind the man that Labor has put in the field and do your bit. Get a little pep into things. Let us launch one of the greatest campaigns this or any other country ever heard of. Do not sit idly by and see things get away from you, then come around with you face looking like a wet moon, yelping because things did not turn out to suit you. Get your shoulder behind things and push.

O' where, O' where is Frank McCabe

O' where, O' where can he be

There is no use repeating what I have in mind, just have him correspond with the several members of L. U. 220, that he was most intimately associated with while in the Rubber City.

As the Worker may be crowded for space this month, I had better cut this short, so here goes

W. C. McNeill,
Press Secretary.

L. U. NO. 225, NORWICH, CONN.

Editor:

The press secretary not a poet or an author or much of anything else who hails from L. U. 225, Norwich, Conn., or (Windy City) will inform the brothers that we are all alive. The path for the breeze that does keep us up is no doubt the old Thames. But nevertheless we will shake hands with our Brothers from the far West and South who have been playing with apple blossoms all winter. While we were plowing around in a row boat, or with a bucket of sand, and sometimes in snow up to our life line peeping for a trolley car. Our first rose of summer is out and we greet it.

Now for our Brothers across the line where (Pussy Foot Johnson) has not sucked your rivers dry as yet. Kindly remember the oath you took for membership

and it would be a life saver after having one-fourth per cent.

At the Republican Convention in Chicago last week there was a great commotion and Senator Harding (come out hero) but if the man is as hard as his name, after this November his name may be Senator Softening of Ohio, and at the Democratic Convention in California Mr. Cox was the chief. Well God bless Ohio.

Brothers in Frisco, beware take out of cellars (sausage, bologna's) for fear Mr. Palmer looks cross-eyed at them and thinks they are bombs.

Well we are a bunch of farmers in Local Union No. 225 but we all stick like hay seeds when it comes to a test every man answers the roll call from start to finish and will stick until they get what they want.

The Local has just settled an agreement with the inside contractors for 87½ cents per hour after being out for 12 days. It was a great help to us for our International Representative O'Donnell to be with us.

All members are working with the exception of a few helpers and hope that things will now improve and keep every one and then some more busy for some time.

On account of delaying this letter until strike was settled probably will make it sound queer. But hope I will have more time to write our next letter.

P. S. Bernier.

We immediately took the matter up with the Brotherhood of Engineers and Firemen and they are going to kick this bird off the

job if he don't get straight with 243. We put a fine of \$500.00 on him at the time he was scabbing. He was to come up last meeting night and sling his line of bull to see if he couldn't get us to reduce the fine. But I think he is S. O. L. for we ain't that kind, so we don't see anything for him to do but pay the fine or get kicked off the job as fireman.

Well we at last heard from the Railroad Commissioners on the petition for increase of rates which the Savannah Electric Co. filed about six months ago. It was just what we wanted for the Savannah Lighting Co. with whom we have a signed agreement can give them trouble under the new conditions. We declared the Savannah Electric Co. unfair last year and at once got an agreement signed with the Savannah Lighting Co. and through this Company put the Savannah Electric Co. in the hands of the Receiver. The Savannah Electric Co. is owned and operated by Stone & Webster, one of organized labor's worst enemies.

Well boys that's all this trip. We always extend a hearty welcome to any of the Brothers who may happen this way.

Yours fraternally,

L. O. Gann, P. S.

P. S. We have another card man who is working for the Savannah Electric Co. He is Mr. W. B. Gray, Card No. 250149, admitted to our Local on traveler from Local 84 of Atlanta. We think it advisable to let all members know this for he may want a job some where else and if we can keep him from it we surely will do it.

L. U. NO. 246, STEUBENVILLE, OHIO.

Editor:

We are going to blow a fuse if we don't get rid of some of this. The main switch for this "Ohio River Valley Country" seems to be located in L. U. No. 246's jurisdiction. From Wheeling to Pittsburgh—and No. 246 is about amid-ships. Now you know where we are. We are putting ourselves on the map so you can't miss us.

By the way though we are having our difficulties we are a mixed local, with inside, outside, sub-station operators and meter-men. We are and have been in recognized difficulty. The inside men were quite fortunate to get their new agreement signed up after being out only 10 days. We practically won all points, and with due credit to our scale committee, have one of the best agreements in the country.

The linemen, operators, and metermen are still out—having been out since May 1, 1920. They surely need the support of all concerned as their fight is a big one and many of the Brothers may realize that, when we say our main offensive is the American Gas & Electric Co. They may be classed with Ma Bell and Stone & Webster.

The outsiders of L. U. No. 246 are holding up 100 per cent so far, nor do we think at all, any of them will return until an outside agreement is finally executed. Company, namely the Buckeye Power Co., is employing "Rats" at a reported high salary—many times over what the boys are asking for a decent living wage. And these "Rats" are reported to be guarded by licensed Pinkerton Detectives who form part of the gang.

Consequently we advise all travellers to stay out of this district—so "stop, look and listen" if headed for the Ohio Valley Country and stick to the Brothers who are asking only a living wage and white man's conditions.

The outsiders here are asking \$1.00 per hour and to show what other crafts in the building trades are getting we submit the following:

The lineman eats and wears no more than these.

Painters ..\$1.11 per hr.—45 hrs. per week

Carpenters, \$1.25 per hour—45 hours per week.

Sheet Metal Workers, \$1.00 per hour—44 hours per week.

Plumbers, \$1.25 per hour—44 hours per week.

Brick Layers, \$1.25 per hour—44 hours per week.

Iron Workers, \$1.25 per hour—44 hours per week.

Hod Carriers, \$1.00 per hour—44 hours per week.

Inside Electricians, \$1.25 per hour— 44 hours per week.

The above list compiled from records of this city's Building Trades Council.

We have no business agent but do have among the crafts affiliated in the building trades council a slogan which is—"Here's my card, where's yours"—it helps and does a great deal of good. You see a man's card that way where you may overlook him otherwise.

The officers of L. U. No. 246 are:

President, Lee Allen; Vice-Pres., Drake; Rec. Sec., H. Watt; Fin. Sec., J. R. Gerard; 1st Insp., Jim Collins; 2nd Insp., Robt. A. Stevenson; Press Sec., Robt. A. Stevenson; Treasurer, J. Frye.

Now that I'm "fini" copy I'll pull my switch for this time.

Fraternally yours,

Robt. A. Stevenson,

Press Secretary.

L. U. No. 246.

L. U. NO. 292, MINNEAPOLIS, MINN.

Editor:

Will write a few lines to let the Brotherhood know that 292 is living and things are going in fine shape. Our strike is now in its fifth week and we have no signs of weakening yet on the part of the boys. We have still about two-thirds of the boys working at the new scale of nine dollars per day. We passed a unanimous vote for those boys working to turn into the locals strike fund two dollars per working day. This gives us a very large fund for strike benefit pay. Even at this rate, the boys have fifty cents a day more than the old scale which was six dollars and fifty cents per day. The boys are perfectly satisfied with that arrangement and so the spirit is indeed fine, for a keep-the-fight-up on the proposition as we feel there is a little justice due to us.

Brother Broach has spent very much time and enormous effort to effect a settlement but so far it seems nothing definite has been accomplished due evidently to certain individuals in the contractors ranks. We are still enforcing Article 23, Section 8 of the Constitution and ask traveling brothers to take notice.

Fraternally yours,

Ed. Lawrence, P. S.

L. U. NO. 296, BERLIN, N. H.

Editor:

No. 296 has been among the missing in the columns of the Journal for the last two months.

There are some locals from which we never hear. One of the purposes of our "Wonderful Organization" is to form a closer and better relationship between the workers (world-wide). The only way this can be accomplished is through our Official Journal. Our International is made up of over 1100 locals and there was pre-

cisely 44 that gave any account of themselves in last months Journal (June). Brothers, it is a shame, and there is no getting around it.

Oh I think I have a method of remedying this sorryful condition. Let each Local elect three press secretaries. Then surely each one could write an article for the Journal every third month.

We are snow-shoeing along at pretty good pace with prospects of lining up the entire "up river crew" before very long.

A short time ago they were awakened to the fact that it is impossible to leave this burg and land a descent job without belonging to the organization. I'll tell you how it happened.

One of the Company officials is remodeling a building in Portland. to give to his son as a wedding present. He wrote up here for two electricians to repair the wiring and specifically stated that he wanted "Union Men." (There are those in that part of this "neck of the woods" that are men, every inch of them, and who joined us without being forced to and who did not inquire the why, when and wherefore of every little detail and who did not have to be shown whereby they would receive direct benefits, but who joined us because they knew they were workers and that individualism was a thing of the past and because they knew that through organization only is there any hope or chance of bettering conditions for themselves and their posterity.)

One of the foremen received the communication and read it to the foreman of the construction crew who said we will send — who is not a member of our Local. When the time came to go this gentleman was not sent. A member of the Local was chosen in his place. He didn't know what to make of it until he hit the job. Then he learned the particulars mighty quick. Before he had his clothes changed the workmen of the other crafts besieged him inquiring if he had a card. He showed them a paid up card. They then told him that there had been scab electricians on the job and that they had refused to work with them.

It also looks as though the Company is willing to recognize the organization when ever it is necessary.

Work is very plentiful here at present.

A short time ago a piece of timber fell on Brother Gerald McGivney's foot breaking some bones.

Brothers Phil Goss and I. Dugal have broken the bonds of single blessedness and leaped into the sea of matrimony. Congratulations Brothers, may all your troubles be little ones.

Installation of officers took place at our last meeting (June 25). Past President Harry Morency, officiated.

The officers for the ensuing year will be:

President—A. Mortenson.

Vice President—W. Dwyer.

Recording Secretary—A. Lennon.

Financial Secretary and Treasurer—Ora Keith.

First Inspector—H. Jefferson.

Second Inspector—E. Spinney.

Foreman—E. Keo.

Trustees—Napoleon Martel, W. Keleler, P. Gallant.

State Organizer, J. J. Coine will be with us very soon in an endeavor to line up the Burgess Band and the telephone operators.

We are going to have one grand old celebration here Labor Day. The best ever pulled in this section of the country. The Central Labor Body is putting on the show and it will be some show, I'll say.

Committeemen in charge of the affair have the assurance from several thousand laborers in this vicinity that they will celebrate in Berlin this year and make

this the North country attraction of that day. The men in charge are as active as the day is long and "big doings" are brewing.

If you drift this way on Labor Day don't fail to give us the once over.

Come to Berlin or stay in Berlin September 6 and have the time of your life.

Fraternally, P. S.

Editor:

Well Brothers this is my first time to have this job, but am going to try to fill some of the space with some news.

Everything around this jurisdiction is very quiet at present. The Southwestern Gas and Elect. Co. is doing quite a little work and we have got our new agreement. And the Bell, poor thing, at one time had a very good holt on them but now they have gotten by us. I don't think that there is a man on the job that has a card. The Oil Companies are not doing much only maintenance work and we have practically all of that under our control.

The new officers for the following term are as follows:

President—J. J. O'Donal.

Vice President—Saynders.

Recording Secy.—D. E. Sneed.

Financial Secretary—Ed. A. Olwell.

Forman—S. S. Sercy.

Inspector—G. L. Williams.

Just a few lines to let you know I. B. E. W. 356 is still on the map and doing fine. We hope to make a big showing on the wage proposition by bringing it up to the standard, which I think will be about as large percentage ever asked for and still stay below most of places.

We have one of the hardest Company's to back here, found in the middle west. It is backed by The L. E. Myers Co. of Chicago and every Union man knows they are union haters. I hope the next time I give an account of L. U. No. 356 I'll not be ashamed to have you print the contract price of wages in this vicinity. I remain with best wishes to the I. B. E. W.

L. U. NO. 364, ROCKFORD, ILL.

Editor:

Having just been elected Press Secretary for the ensuing year, please insert in the August Worker for the benefit of Local No. 364, that we have been on strike since May 1st and are still out. The open shop being declared against us and all brothers keep away and the following scabs are and have been working since we have been out: Theodore Swanson, until a short time ago 364's treasurer, Red Smith, Al. Christ, C. E. Linton, Gilbert Clark, Herbert Knodle, C. Wright, G. E. Moon, Roy McIlwain, Geo. Warren, Jno. Tronske, Haddorf.

These scabs will be taken care of in the proper way after we have come to settlement as it is only a matter of a short time, as the contractors do not want the open shop, but are forced to do the bidding of The Chamber of Commerce. We have in the city three A. F. L. organizers who are going to stay until Rockford is thoroughly organized, who also have the moral as well as the financial support of all the locals in the city. Had a mass meeting

July 28th, which was well attended by both union and non-union men, who heard their able speakers on the conditions of the country. More of these meetings are to follow, and each union man appointed an organizer of his own craft to help to bring Rockford up to 100 per cent standard.

Yours fraternally,

L. U. NO. 369, LOUISVILLE, KY.

Editor:

A few lines for No. 369. I am not for the writing game this day as I had too much fourth and fifth. I suppose there are a lot of the other brothers in the same boat.

All the organizations of this city are trying to get enough "Jack" together to erect a Labor Temple. So far we have been doing very nicely. Everyone seems to be doing their bit. Every card man I know has bought shares in the Temple movement. The Building Trades gave a picnic for its benefit the fifth.

Oh yes No. 369 has received their one dollar per hour. Our agreement went through like a top. All contractors signed with a smile on their face seeming well pleased. And going along signed up a few more shops. We are taking in a few new members, obligate one or two every meeting night.

Our worthy Business Agent William A. Blume is on the job when it comes to closing non-union men off the different job around town. Very few things get by his eye. He is one of the big guns in the Labor Temple movement.

Well to finish this spasm I will say that conditions are very good in Louisville at present and we are working hard to keep them so. Hoping all other Local

Sincerely,

Unions get what they are asking for.

MARINE L. U. NO. 378, SAN FRANCISCO, CALIF.

Editor:

The members of the Brotherhood in other parts of the country are no doubt interested in the progress and results of the great shipyard strike, which started last October, consuming three-quarters of a year.

Late last May a new policy was voted on and adopted by the Metal Trades Council which gave each craft the right to conduct the strike in the future until further action as they may choose to do. The strike as far as the Council is concerned will stay on. Some of the locals believed they could return their men to the yards and fight the scabs from within as well as on the outside and on the street. This privilege was granted in so far as the Metal Trades Council was concerned. Many believed that the strike had gone on so long that some new plan should be tried. So the policy adopted was that no union would be recognized as its men scabbing who desired to send them back in the yards from that date. The men were about equally divided on this plan at first. At the present time most all the large crafts voted to allow their men to return to the yards if they see fit to do so.

They are being re-employed very slow and go back at the old rate as when we came out on strike. The latest reports are that the scabs are being discharged daily and union men put in their places. The old scale of \$5.40 per day does not look very attractive and the journeymen and first class mechanics are staying away. A

scale of \$7.20 and better was long ago established in the outside shops.

An unrest prevails and another strike may be called at any time as this "American Plan" does not create harmony. Some say, well we will go back and give them just six-forty a day's work.

All other work outside of the shipyards is now paid a higher rate of pay, which is around eight dollars per day. The building trades scale is nine and going to ten.

This has been a great fight and we do not feel defeated yet. Many believe that the unions will soon be well organized again and that the employers have got all of the fight they want. Sooner or later they will have to sit down and bargain with us to keep peace and pay a living wage.

Out of the past has come many reasons as to why the employers have saw fit to keep up this fight against organized labor. Some evidence before us at this time leads us to believe that back of it all is the Shipping Board's stand and our present Democratic administration as it is now constituted. We know many of their late actions has been against labor. Right now when the Democratic convention is building its platform in our city this is more than ever brought home to us. The metal trades workers have declared and hold the present administration responsible for the past Pacific Coast shipyard difficulty.

Very few of the members of Local 378 have gone back in the yards as the wages are too low and many do not want to work under this new plan. Most all of our boys are working through the brotherly help of the locals about the bay at better wages. Quite a few of our old members have travelled.

Brother Amos Feely has returned from New York, where he was soliciting funds to carry on the strike. At this time we thank all the Brotherhood members who contributed to the strike and you can always feel that it was for one of the greatest fights that labor has ever waged in this country. That we are still intact and ready again until victory is achieved. Later on I will relate some of the things we accomplished during this struggle which is along the lines of co-operation.

The capitol of the world is Frisco these early days in July and all eyes were on us during one of those famous Democratic conventions. What it did for labor we do not think much of it.

Al. E. Danielson,

A few lines to be published in the August Worker. We are getting along very nicely in this part of the country. Have a few nice jobs going on and most of the members are kept busy. We were honored last meeting night by having Brother Goble our International Organizer with us. He made a talk and all present were pleased.

The Labor Temple movement is progressing very rapidly and all organizations of Louisville seem to take a great interest in promoting its welfare.

Politics seem at present to be in every man's mind and all are wondering who the right man is to vote for. Here's hoping the fellow with a union heart gets the "chair" because it will mean a lot to the working man. Not knowing anything more of interest to write about, I will close.

Fraternally,

Ike Hudson.

L. U. NO. 434, DOUGLAS, ARIZONA.

Editor:

This is just a little note to let you know that Local No. 434 is still alive.

There is little of interest to report at this time as things are pretty dull here at present. We are working along at the same old rate with no prospect of a change in the near future as we can see. Wages are still at the same old rate of \$6.35 per day.

We have wondered why locals whose members have been getting in the neighborhood of \$8.00 per day are out on strike and are sending to us, pleas for financial assistance. We get them continually and sometimes have three or four to act on at one meeting. As our treasury is in a condition that might well be called "depleted" they more often than not, get turned down.

Brother R. E. Harris, who has been with us for some time has gone to Pearson, Mexico, where he expects to work for the Pearson Milling Co. We have not heard from him since he left.

Brother J. F. Johnson has been elected president of our Local to fill the unexpired term of Brother Parker, who has left town presumably for the oil fields of Texas.

Brother J. C. McCunniff has been elected Recording Secretary, also to fill an unexpired term.

The weather has been unmercifully hot here for nearly two weeks.

This is still a pretty poor place to come to—expecting to find work.

Will close for this time hoping that there will be more news to write next time.

Press Secretary.

L. U. NO. 494, MILWAUKEE, WIS.

Editor:

Not wishing to have Local 494 take a back seat it's up to us to break into print again.

In April a resolution to place a local organizer in the field and provide ways and means to pay his salary was presented to the Local, and was referred to a committee. This committee brought back a favorable report and a recommendation to assess each member Two Dollars payable Fifty Cents per month.

This and what little we were able to spare from the treasury consisted of the organizing fund, a man was duly elected and the campaign was on.

A complete survey was made of the town as to the number of men who were eligible for membership and shops that it would be necessary to get 100 per cent conditions in the town. A filing cabinet was bought and all shops, union or non-union were listed with the men employed therein.

We then proceeded to organize the men in the respective shops, with great success. The employers realizing that we meant business, and that those that had agreements with us were getting the men, they gradually signed up.

All with the exception of a few shops are now operating on a strictly union basis. The Trester Service Co., Sorgel Electric Co., Froedaman Electric Co. and our old friend Herman Andrae Electric Co., are still non-union.

To get an agreement with the Andrae Co. is a matter for every local in the Brotherhood, as they have managed to get by in most every local they hit. As it means much to the Brotherhood, we are asking that you notify us immediately if they are in your jurisdiction.

Conditions about town are gradually im-

proving not in work but in organizing. The bricklayers have recent affiliated with the Council and have been locked out on the Wisconsin Food Product job under construction by W. W. Oellein Co. and is owned by the Uhlens who are owners of the Joe Schlitz Brewing Co., so remember that Schlitz is unfair to organized labor and should be so treated.

M. E. Custin, Sec'y.

L. U. NO. 579, GLOBE, ARIZONA.

Editor:

I guess you brothers who dwell in cooler regions than Arizona would think that 106 degrees in the shade would be a trifle too warm to hold a meeting. Well I thought so myself, but last night I took a peep at the thermometer in the corridor outside our club rooms and it registered only 106 degrees. Would you expect any one inside those rooms. Yes, there were. Two-thirds of our membership were present holding a very enthusiastic meeting. So you see even old Sol can't keep the boys from getting together. That ever-welcoming cool smile of our worthy president, Ed. Parker helps out some, and thanks to Handsome Willie Wilcox for the fan he so kindly donated the Local.

Local 579 is growing stronger every day. We have an active membership of 30 with about 6 on the travelers. The Globe district seems to prevail with the union spirit. Every electrical worker in the district has a card or good intentions of getting one, so we are pretty close to the 100 per cent mark.

As the election approaches the factions of this district are getting into line for the coming battle. Labor will be well represented and will have a good selection of candidates to pick from. The local is particularly pleased with the announcement of Brother M. F. Murphy as candidate for the Democratic nomination for the office of County Recorder of Gila County.

Brother Murphy has been a member of 579 in continuous good standing for 12 years and is past president of our local. He was delegate to the State Federation of Labor convention three times and delegate to the International convention at St. Paul in 1915. He is a world war veteran and is a union man to the back bone. Although we will miss Brother Murphy in our line of work, the local is pleased of his announcement.

Through the efforts of Brother Howland a committee from 579 appeared before the city council and requested that an ordinance be framed to enforce men doing electrical work to comply with the Underwriters code, and also an electrical inspector be appointed to enforce the ordinance. The request was granted and will go into effect in the near future. This will protect our city from inferior work that is oftentimes done by non-union and 'would-be' electricians.

We thank Brother Howland for his interest and spirit in the matter.

Work is normal here now. Nothing rushing. Neither are any of the boys out of work.

Well with best regards to the Electrical Workers, I remain

Faternally yours.

Jack Richards,
Local Union No. 579. Press Secretary.

L. U. NO. 382, COLUMBUS, S. C.

Editor:

The writer was pleased to know one letter out of four was published in last months worker. Here is hoping each letter from now on will get in on time.

Everything is moving on here, but in a quiet way.

Several Brothers (4) were cut off at Camp Jackson, but here is hoping the Camp Authorities will see their mistake and increase their force instead of cutting off.

L. U. No. 382 has closed an agreement with the contractors for inside wiremen Journeyman, \$1.00 per hour; Helpers in proportion, same conditions but good. All the shops signed up but D. R. Elkins who has been put on the unfair list. He only had one man working for him, but Brother Loeb stepped right down off the job, and now D. R. Elkins is slowly passing out of business. Ex-Brother M. C. White has gone into the contracting business and here is wishing for him much success for the future. I think Brother White will do well if he will only keep his eyes open and be sure he gets all the jobs and money that is coming to him. Local Union has lost a valuable brother and a hard worker when it lost Ex-Brother M. C. White.

Delegates to the State Federation of Labor are:

President—W. B. Wells.
Financial Secretary—R. H. Worrell.
Treasurer and Business Agent—T. B. Cooper.

Ex-Councilman—Felix Green.
Ex-Councilman—C. B. Adair.

The State Federation meeting takes place at Charleston, S. C., Sept. 20 or 21 for (2) two days only. L. U. No. 382, I. B. E. W. will be well represented at this meeting. A recent wire for President Samuel Gompers to Brother John L. Davis that he would attend the South Carolina State Federation of Labor meeting if nothing happened, and he did not foresee any reason why he could not be present and so you see Brothers it is a pretty sure fact he will be there.

Brothers, President Samuel Gompers will put the pep in this meeting and we know our Brother Delegates will learn something new at Charleston, S. C. We also hope our delegates will put up and put over Columbia, S. C., for the next State Convention. Columbia, S. C., will be so well represented that Greenville, Charleston and Spartanburg will not be in the race for the next State Convention (Nuff Sed). We would like to know why our International Office doesn't publish a list each month showing what amount each deceased brother received.

On the "In Memoriam" pages we read of each Brother who has departed from our midst, but we never read of his family receiving the death benefit, or what amount. This we should all know each month. We have never had a death since I have been a member of L. U. No. 382, I. B. E. W., and we all want to know if our beneficiary will receive the proper amount. None of us are willing to shove off down here just to show the other brother that it will be paid. We would especially like to hear from this article on the Editorial Pages. What is the trouble with the press secretaries? Our last Worker had only a few letters considering the number of Local Unions we have. If you can't write an article about your Local Union then your Local Union should elect another press secretary. Your Union has plenty of news if you would only attend the meetings. Come on Brother Press Secretaries write or resign the job. If this comes to the notice of our friend, L. U. 188, Charleston, S. C., let us hear what will be doing and that four million dollar job \$1,000,000 we have been reading about in the State Paper. We may be able to furnish you with some good men which you no doubt will need, and at the present time we have four good men loafing and would be glad to try the best Surf in the World.

Well Brothers have you registered and put your name on the club roll for our great election. Remember the Labor Ticket

and vote for organized labor. I intend to vote a straight out and out labor ticket, even though I lose each candidate. The books are closed now for this State and if you are not on the club roll you are no good to your State this year.

Brother Turner Varnadore says he is still around here but his feet feel itchy and is it to d—m hot here and dry too. He says if any good Brother has any too much booze for himself just ship it this way. Express collect. I would like to see a few gallons myself. I would also like to see a letter from each Local Union in next months issue.

Come on now Brothers and let us make it the banner issue, and Mr. Editor you be sure and mail each member of L. U. 382 a copy of the Journal as we certainly have paid for it. This will serve you for this month.

Fraternally, L. A. Smith, P. S.

L. U. NO. 585, EL PASO, TEXAS.

Editor:

I surely enjoy the man that has the ability to write easily as this don't come easy after walking sticks all day, however it has to be done so here goes for better or worse.

It looks as if the Stone Webster Co. will get the job of Harnessing the Elephant ? ? ? but so far there is nothing definite only rumors. It was supposed that the Government would do the job and until recently, I expected to hear that they had started operations.

Well Brothers the Open Shop has become active at last. They have refused through the banks to finance the local contractors who have closed shops, so take notice and stay away from El Paso until further notice, and further tell all other crafts to stay away from El Paso, regardless of whether they are union men or not as the Open Shop claim they can get all the men they want without hiring union men, and it's up to the union men to see that they stay away. This town is a long way from any other town of a nysize and a little talk will discourage the most of them from coming this way.

Yours fraternally,

C. W. Mangum, P. S.

L. U. NO. 596, CLARKSBURG, W. VA.

Editor:

Since my last effort there has been several things transpired here that may be of interest to some Brothers. Our new agreement called for \$1.00 per hour. Later the Plumbers were signed up for \$1.15 per hour, so a committee was appointed to see the different contractors and they voluntarily gave us the increase.

We gave a smoker or social a few weeks ago and had lots of eats, plenty to drink, speaking, boxing and a general good time. Contractors were invited and most of them came and enjoyed the evening.

We have moved to Robinson Building on Second Street and changed the meeting night to Thursday evening.

Our election and installation of officers was as follows:

President—J. I. Prichard.

Vice-President—Dan Rassler.

Recording Secretary—C. R. Connor.

Financial Secretary—H. Halloway.

All other officers were reelected. Last fall there were some things pulled off by a firm in Fairmount that we tried to get straightened out through L. U. No. 756 but there never was anything very satisfactory done. Now the same firm is coming in our territory and taking work, bringing men from Fairmount to do the work with because there is a difference of about 40 cents per hour in Journeyman

wages. No request is made for L. U. 596 to permit these men to do this work in our town. We do not want to make any trouble, but we have agreed to protect our own contractors in this territory and each man must see that if this continues we as a whole are breaking our agreement with the Contractor. It is to our own individual interest to put the screws down good and tight. If any Brother has anything to suggest, let us hear it.

H. H.
Press Secretary.

L. U. NO. 635, DAVENPORT, IOWA.

Editor:

As our president Brother R. C. (Sweede) Nelson used quite a bit of campaign funds to have me elected press secretary, I suppose he and others as well would like to see a line or so from Local Union 635 in the Worker, as I don't believe there has been much of late.

Our election of officers which comes at this time will be found elsewhere in the Worker.

Work in this locality is not so very brisk at present in fact if I am not mistaken I believe some of the boys have taken T. C's. for other cities of late.

I might also say that Brother H. D. Smith, our business agent is still on the job and if you don't think so just happen around the Tri-Cities and look for a job and see. But as I said before things are somewhat quiet here just now and I guess it is best to wait a while before coming.

And now as I don't wish to take up all the space in the next issue of the Worker, I will close for now and try and get another short letter in a little later on.

Due to many of our members being engaged in backyard farming, etc., a small attendance prevailed notwithstanding the fact that election of officers was to take place.

Our good Brother Jandro has felt the strains of the Presidency and is endeavoring to vacate the chair, in spite of a solid sentiments amongst the members to retain him.

The results of the ballots are significant in that several maintenance men are elected officers. This is the first time the electricians have had a guiding hand in the affairs of the Local. The new officers are as follows:

President—E. A. Jandro (temporary).
Vice President—J. W. S. Graham.
Recording Secretary—W. A. Meissner.
Financial Secretary—P. Stevens. (Re-elected).

Treasurer—Wm. Alliger. (Re-elected).
Trustees—W. H. Smith.
First Inspector—F. X. Reisinger.
Second Inspector—P. Peratta.

We wish the incoming officers a pleasant and successful administration, and feel that no better material could be obtained.

R. P. Kelly, of the electricians was elected to represent this local at the Convention of the State Federation of Labor, to be held in Binghamton in the near future. The maintenance men are to be congratulated in securing the election for one of their members. We look forward to an interesting report from Brother Kelly when he returns.

This local has endorsed the Salvation Army drive and donated five dollars as their little mite.

Who sent Wagner those collar buttons?

Editor:

Hear a word in season.

For the day is drawing nigh.

When the cause shall call upon you

Some to live and some to die!

The cause is now calling upon all working men and women. It is specially calling upon the Organized workers. What is this cause that is now calling upon us all? It is the Cause of Liberty, of Justice, of Democracy, of Free Speech and of the New Freedom. It is the cause of the child slaves of the Southern Cotton Mills, of working mothers with suckling babes at their breasts, slaving in the tobacco and cigar factories of the Southland. It is the cause of the oppressed coal miners of West Virginia. It is the cause of the thousands upon thousands of slaves working in the steel mills of Kaiser Gary. It is the cause of the weak and the oppressed, the helpless and the downtrodden against the tyrant and the autocrat. The profiteer and the privateer, the bourbon and the buccaneer.

This is the cause that is now calling upon you and me. It is calling upon us for our aid and assistance. It is calling upon us everywhere to resistance against wrong and oppression of every kind. This cause is not asking of us a great deal, it does not ask us to risk our lives or our fortunes, all it asks of us is that we read the Labor Press and thus acquaint ourselves with the facts and then to vote intelligently at the primaries and at election day. Have you my brothers heard the call to duty? Will you answer present when you are called? Will you do your share unflinchingly? Will you heed the battle cry? What is our battle cry? Reward your friends and defeat your enemies. Therefore let us all rally around our standard and defeat every enemy of labor who comes up for election next November. The cause is calling upon us to abolish the autocracy of Gary, to repudiate the Bourbonism of Burleson, the reactionarism of Palmer and the mediaevalism of Allen. In order to accomplish this it will be necessary that the workers disregard party labels and vote for men and principles. It will be necessary that we keep a united front and not allow the other side to divide our forces with their propaganda.

Here in New York State the workers should concentrate upon defeating the Hon? Wm. Wadsworth for Senator. Mr. Wadsworth stands for everything that the Labor is opposed to and we should therefore retire this Honorable gentleman from the Senate of the U. S. A. The writer would like to here put in a good word for Labor. The weekly paper published by the plumb plan league. It is a paper worthy of the support of every working man and woman in the country and should be read by all. It is owned by workers, it is printed by workers and it fights for the workers. Therefore let all workers subscribe to this paper. It is \$2.00 per year and well worth the price. In conclusion may I not again quote, Hear a word in season, for the day is drawing nigh, When the cause shall call upon you—some to live and some to die.

Fraternally yours,

Chas. Costantino.

L. U. NO. 697, HAMMOND, IND.

Editor:

Well here I am again after a years absence, as 697 seems to want a letter in the Worker every month. They saw fit at the election in June to give me a couple of titles, viz: President and Press Secretary and also Chairman of the Executive

Board. So if I fulfill all expectations I will have my hands full for the coming year.

None of us are perfect, so all I can do is the best I can, and hope that will satisfy the majority.

To start off with I will say that 697 has enjoyed a prosperous year just past and we hope for this year to be the same or better and many more to come, of course we cannot say that we have had a harmonious year, as we are not all of the same opinion on the subjects that confront us, but we hope for more harmony as we go along, and with the best interests of all in the heart of each of us, much good can be accomplished, so let us all put our shoulder to the wheel and boost, not knock.

Most of the boys of 697 are very enthusiastic about the Labor Party and we are of the opinion that now is the time for Labor to assert itself and really go after what we have been begging for, for so many years, and this can be accomplished now if it is done in the right way.

Of course I may not be well enough versed in politics to say just what the correct is; but still I have ideas of my own, and after the grand turn down that Labor received at the hands of the Republican and Democratic parties it is high time that we get in a new party and see if we cannot get a Government for, by and of the People. If Labor is not strong enough Nationally to carry the country I think we should fusion with an independent party and get a platform suitable to the common (real) people and I am sure we could sweep the country and thereby elect our friends and defeat our enemies. So let us get busy on this momentuous question and make Wall Street and those dear commercial profiteers look sick for once.

I just wonder how they will feel when the shoe is on the other foot and they are pinched as we have been for ages?

Well Brothers and Sisters get busy, for your future welfare will be about what your own efforts make it. So stop, look and listen before you go to the polls next November.

Now I will give you a list of the officers for this year for the Brotherhood reference:

President—J. W. Waggoner.
Vice President—A. H. Smith.
Recording Secretary—Harry Hedden.
Financial Secretary—John Koble.
Treasurer—Ed. Parmenter.
Business Agent—R. F. Abbott.
First Inspector—Don Abbott.
Second Inspector—W. E. Boyden.
Foreman—John Brown.
Trustee—Ed. Thrap.
Press Secretary—J. W. Waggoner.
Executive Board—J. W. Waggoner, Chas. Yeager, Ed. Parmenter, Sec., Fred Killman, Frank Seliger.
Examining Board—Carl Dilger, R. J. Pearse, Wm. Reilly.

J. W. Waggoner and Ed. Thrap were elected to represent 697 at the Indiana State B. T. C. and State F. of L. Conventions at Evansville in August this year.

With best wishes to all for the future of the I. B. E. W. I will trip the switch.

Editor:

A regular meeting of this Local was called by President Condgon to be held at Hamlet, N. C. on May 30, 1920, so that members from the entire system of the Seaboard Air Line Ry. could get together and discuss business that affects the electrical workers. This is a yearly event on this road and is looked forward to by

all members, as it gives the boys a chance to meet the new brothers and renew acquaintances with the old members. Several talks were made on topics which effects the railroad electrical workers, which were very interesting and instructive. Brother Otto Hilderbrandt of the U. S. Light and Heat Company was in attendance and gave the members some good advice on organizations and the proper adherence of the laws of organization, also a detailed description of the method of regulation, and history of car lighting. This talk of Brother Hilderbrandt was one that will long be remembered and we hope he will pay us a visit some meeting night when he is in Portsmouth.

Brother Fred Bridgeman was again unanimously elected system chairman, and I would like to say a word of praise for him on his qualification, ability and etc., but as we are shop mates, I am afraid to say too much.

Brother H. J. Kramer who for a number of years was Recording Secretary of Local 30 was elected Assistant Recording Secretary to fill a vacancy caused by Bro. Ziegenham resigning.

Their being no further business the members retired to the Seaboard Hotel where they were entertained at dinner by Brother Hilderbrandt, where more speeches were in order. Brother Barton from Atlanta was called on for a talk, but he was too busy with a chicken leg, so was Brother Richardson of the road gang.

Those two boys sure can eat. Well they haven't got a thing on Captain Waite. After dinner Brother O. K. Flynn turned over his big touring car to the gang and the rest of the day was put in viewing the scenes about Hamlet.

Brother Blivins what was the matter with you and Brother Coates? You fellows don't know what you missed.

After having spent an enjoyable day by all, one that will long be remembered, the boys departed for their homes looking forward to our next meeting in Hamlet.

I would like to state in closing that all visiting brothers who happen to be in our vicinity on meeting nights are cordially invited to attend our meetings which are held on the second and fourth Saturdays of each month at the Labor Temple.

As it has been some time since 810 has had anything in the Worker, I will try and let the Brotherhood know what we are doing. We have been on strike in the contract shops since April 21st and have got most of the contract shops signed up. \$1.00 per hour, 8 hours a day, 44 hour week and double time for all over time and have kept most of our members working. We lost three members and at the last regular meeting of 810 they were suspended from all rights of the I. B. E. W. for 10 years. I was instructed to request that their names and number be published in the Worker. M. Scheffin, initiated 345, Aug. 27, 1918, Card No. 92540; E. R. Bromley initiated 345, Aug. 20, 1918, Card No. 92535; Bryon Palmer, initiated 810, Aug. 13, 1913, Card No. 444856.

Work is slack in the ship yards but think it will pick up soon. Would not advise any of the Brothers to come this way as we have as many men loafing as the law allows. With best wishes to the officers and members of the Brotherhood. I will ring off.

L. U. NO. 817, NEW YORK, N. Y.

Editor:

The railroad wage question is about to be brought to a conclusion, and when it is, let us hope it will be final. Why the increase to be granted will be retroactive only to May 1, 1920 is beyond our understanding, taking into consideration that our demands were made last July, a year ago. Surely, the four cent hourly increase did not meet the deficit in the railroad workman's budget. The cost of living has become higher, and the railroad worker has been compelled to spend what he should have been able to save, and in many cases has been forced to use up some of the rainy day fund, if he was fortunate enough to have any. Therefore, it should be possible for him to replace this money with the back pay that he should receive, and again it is necessary to repeat the question, why will the increase be retroactive only to May 1, 1920.

The good work done by our worthy President, Chas. Thompson, and our Financial Secretary, Bill Smith, in quieting things in the recent Pullman controversy at the Mott Haven Yards, is to be lauded, despite the fact that they were doing work that rightfully belongs to the International Office, and should have been handled by one of the Representatives of this district. The monthly per capita tax of seventy-five cents paid to the International Office has been one of the reasons for the increase in our monthly dues, and if the International Office does not do their duty as they expect all locals to, then the seventy-five cents goes for naught. This is a very serious condition, and should be remedied.

The time is drawing near when the railroads will be turned over to private control without the government pecuniary guarantee. Whether the National Agreement, which has been in effect since October 20, 1919, will stand in its entirety is a question that is of serious import to all of us. We must make every effort to fight for and protect that which our predecessors fought for thirty years, and which our present organizations had only recently won. The National Agreement gives us our seniority rights, overtime rates, and every other good condition that the railroad man never before enjoyed, and it is up to every worker to fight like the devil to have the continuation of this working agreement firmly established.

With best wishes for the continued success and prosperity of the Brotherhood, I am,

Fraternally yours,

C. H. DeSanto,
Press Secretary.

EDITOR'S NOTE—The reference to work performed by Brothers Smith and Thompson gives these members proper credit for the valuable help they rendered in adjusting the recent difficulty involving the Pullman Electrical Workers; however, it is regrettable that the Press Secretary, at least by inference, endeavors to convey the impression that this assistance was rendered by members of Local 817 because the International failed to take care of the situation.

The facts are that the work performed by Brother Smith and his associate was authorized by the International, and was undertaken after consultation with the International, and we are proud that Local 817 has members to whom such important work can be delegated when there is no International Representative immediately available to take care of emergencies.

The Pullman strike was called without authority or previous notice to the I. O., and occurred at a time when all Represent-

tatives were handling from one to three legal strike situations.

L. U. NO. 895, OAKLAND, CALIF.

Editor:

The members of "Local 895" of Oakland, California have installed their recently elected officers for the current fiscal year.

Among the new officers are J. O'Leary, President; R. S. Brown, Recording Secretary; Chas. L. Gruner, Financial Secretary, and James A. Himmel, Treasurer.

Local 895 is a lively local of railroad electrical workers. I have been informed that the railroad electrical workers in our jurisdiction are now one hundred per cent organized.

The regular meetings of our local are held at eight p. m. on the first and third Tuesdays of each month and the "Executive Board" meets on the second and fourth Tuesdays of each month.

President O'Leary calls our attention to an article in the June issue of "The Worker," compiled by Local 54 of San Francisco, setting forth a list of contributors to their "strike fund" and we are wondering why the donation of Local 895 was not listed therein. Local 54 please explain.

Yours truly, Press Secretary.

Local 895, Oakland, Calif.

L. U. NO. 995, BATON ROUGE, LA.

Editor.

Baton Rouge gave birth to a new charter and is sailing on its way to the end. What it will accomplish and soon will be the end depends on the members. Six months of progress has brought us a closed shop, 90 cents per hour; 100 per cent organized.

The younger element seem to think the task has been accomplished and is ready to abandon its cause altogether as far as attendance is concerned.

Whenever a single member of any local resigns himself or herself to go no farther forward is nursing an infection which will involve his or her local and the only effective cure is a radical treatment. Great stress is being pushed forward for law and order these days. Open shop is the big order and it is evident they have the law on their side.

Two of the great national party candidates have promised that we shall receive an equivalent to the extent labor gives the victor support.

How about that Shorty Wade?

Of course not, we of the solid South and those of the solid North who have been born in our respective party will not desert our cause; that would be the basest treachery that man or woman could commit for the mere betterment of our conditions.

But you radical folks away out West you make my blood boil; you elect hooch carriers and horny hands of toil for state and municipal offices.

How do you get that way?

Probably you fell for the Law and Order that sweeps the mining camps when those violent, vile, sweet-smelling mass of humanity cry out in despair.

Oh well, we are fine and dandy down here. But we came near throwing a fit in an effort to get to polls to vote for our Law and Order Governor, Parker. Oh boy, he slid in easy and we were with him strong, several months ago and he was strong for us several months ago and he's got several more years to go. He made a hit right now with the carpenters; granted open shop on all public works; he's pure.

And still I read in the New Orleans Picayune. I don't see how it could possibly be. When you consider that the Hon.

U. S. District Judge and receiver for the Street Ry. have turned loose ten carloads of Allummi imported from the foremost institutions in the country, armed them Saps, saw off shot guns and what all's, U. S. Marshal badges, to man the street cars of that awful city.

And if you were a native of that town you would get 90 days for so much as batting and eye lash at one of these gentlemen of letters. How can the above report be true. The Street Ry. Co. "will be" fair herewith are some of the article of argument the Company are ready to grant the striking carmen.

Art. IV. No discrimination of any kind shall be practiced against any employees (absolutely not) because of his membership in any labor union and every employee shall be at full liberty (real liberty) to join or refrain from joining any labor union.

Article 10 is one not intended for the strap-hanger to note too carefully so you that live around here run over this Article 10 quick.

Article X. The wage scale shall be conditional upon the receiver securing from the municipal authorities the proper increase in carfare, all subject to the approval of the Court. (You nut). Yes boy the Court is piloting this submarine. I said submarine, from all reports it's over it's head in water. Did you get me neighbor over at L. U. 69 all the same in your county. Bad case of watered stock. I see your friend Ferguson threw a shoe at Chicago.

Forward Christian soldiers, onward to the polls, you got two way to get four years more. And all you that ain't Christians will be in the next four years. Hope with just one string is all I have.

With best wishes for 697, I am

Yours fraternally,

P. S., Pro Tem. Chas. L. Cooper,

Editor:

Just a few lines to the Worker this month to keep from getting out of the habit. Well the bottom has just about fallen out of the building business here as we only have three jobs going on here at present, and they have been tied up the past week as the common laborers and hod carriers have been out since the 7th of this month. They asked for \$6.50 and \$7.50 for eight hours so the contractors went up in the air. So listen to this. The Chamber of Commerce called a meeting, inviting each Local Union of the city to send a committee, also invited all contractors to this meeting, as they wanted to get both sides of the argument and help get the trouble settled, and I want to say right here I was a little suspicious of the Chamber of Commerce from their actions in a great many places. Nevertheless I attended and was glad I did, and must say they are with us and I consider they deserve the credit, for this being a closed city today as some of the contractors were talking open shop pretty strong but they could not have had much luck with the Chamber of Commerce against them.

Well I want to say to all of our Brother and Sister locals, we have had quite a few appeals for help which we have been compelled to turn down. I am sorry to say but I want to explain our financial condition. In the first place we organized just about six months ago with I believe about fifteen members. Every member came in on a traveler out of 290 of Bartelsville. So we assessed each member present \$2.00 to pay for stationery and stamps and a few other little things, to get by to the first

of the month and collect some dues. Now since that time we have taken in two new members at \$10.00 and one at \$5.00 and to make bad matters worse, between two of our worthy Brothers and a secretary of the Arkansas City Local we got stung for the \$13.50 which was surpassed to pay for our seal and books. So we had that to pay again. So we could not get a decent place to meet so one of our loyal Brothers offered us the use of his shop. So we had to buy a desk and some chairs, in fact we have assessed our silver to a finish trying to get our little local straightened out.

So Brothers don't think this is a tight bunch as we have been putting up about six bucks each, per month for some time and I hope we will be in a condition financially soon that we may be of some help to the outside locals of our craft, as it is not our wish that we live for our silver alone.

Brothers J. E. and S. A. Attis left us last week. We hated to give them up as they were a great deal of help to our Local and they always will be met with a glad hand if they happen back this way.

Fraternally yours,

J. W. Twilley, Pres.

TOILERS, SANCTIFY YOUR VOTE

(Samuel Gompers.)

The most virile movement in political life today is the National Non-Partisan Campaign being conducted by the American Federation of Labor. Eloquent testimony to that effect is heard wherever the political situation is intelligently discussed. There is no mistaking the influence which is being exerted for the defeat of candidates who have shown themselves to be antagonistic to the best interests of the working people and to our citizenship generally. The records show that in the primary elections which have been held thus far, the national non-partisan political organization of labor has played a decisive part in more than fifteen contests. In that many districts those who have been hostile or unfriendly have been defeated. A number of primary elections remain to be held and in these there is certain to be additional achievement for the welfare of our people.

Three months remain before the final day of the present political struggle and these three months will constitute the vital portion of the campaign period. The issues of the campaign are now in full before the people everywhere. The records of candidates for the Senate and for the House of Representatives have been sent to all labor organizations throughout the country. The political party platforms have been written and Labor's analysis of them has been placed before the people. By comparison of the records the voters everywhere may determine whom to support and whom to defeat. There is no ambiguity about the records of either candidates or parties.

Politicians who fear retribution at the hands of an outraged electorate have made the charge that labor in some cases has abandoned its non-partisanship and has become partisan. But in no sense is this true. There is no labor vote to be delivered and there is no labor partisanship to any political party. There is, however, a vote of working men and women and of those citizens generally who are forward looking and who are determined to guard the principles of freedom and justice, who will vote more unitedly than ever before for the retirement of those who have betrayed the trust placed in them and for the election of those whose principles and records indicate that they may be trusted to uphold the rights of the people in public office.

The interest that has been manifested in Labor's non-partisan campaign surpasses anything ever known in an American political effort. In response to sug-

gestions from the National Campaign Committee local unions, central bodies and State federations throughout the country have appointed campaign committees and these in turn have formed compact central organizations through which the efforts of all might be organized and coordinated for the purpose of securing the most favorable results.

It has recently been requested that local labor campaign committees hold congressional-district meetings for the purpose of more effectively organizing the work in each congressional district. Out of close cooperation of this character much good is certain to result.

In order to further increase the enthusiasm and the effectiveness of the campaign work the National Campaign Committee has requested that the executive councils of all State federations of labor be called together in special sessions at an early date. The purpose of these meetings is to make clear the program in each State and to harmonize and organize all efforts with one object in view.

The staff which has been organized by the National Campaign Committee at A. F. of L. Headquarters in Washington is giving every possible assistance to local campaign committees, and there should be no hesitancy on the part of any local committee in asking for such counsel and assistance as may be deemed necessary. One of the most encouraging features of the entire work of the campaign thus far has been the tremendous demand for literature published by our National Committee. It has been impossible to keep abreast of this demand, largely owing to difficulty in securing sufficient quantities of white paper, but every effort is being made to meet as fully as possible the needs in this direction.

It will be noted that in this issue of the American Federationist the platform planks on Labor's proposals are published as they appear in the Democratic and Republican platforms, together with the comment of Labor thereon. The intelligence of the American people will lead them to determine which platform more nearly conforms to their desires and which expresses more nearly their ideals and aspirations toward freedom, justice and democracy.

The forces of greed and plunder, the profiteers and the autocrats of our political and industrial life leave no doubt as to what they desire and where they will mass their support.

The challenge of these forces to the citizenship of the nation is brazen and blunt. That the right thinking men and women of our Republic can afford to allow this challenge to reap a harvest of political power in the coming election is unthinkable. More than in any political contest since the days of the civil war the issue is clearly drawn between reaction and progress. The wish of the enemies of labor and of the people generally is not merely to stand pat for what is; it is to go back to what was.

Against this concept of darkness the people must mass themselves solidly and invincibly for progress. There burns in the hearts of the American people a great and noble ideal. The spirit that made of our war a great crusade and that made of our wonderful army a host of crusaders sworn to fidelity to human rights and human freedom lives in everything that is truly American and demands expression in the acts of our public representatives and of our government.

In wanton denial of this nobility of thought and concept the Hessians of greed and plunder seek to ride down the rights of the people and destroy their liberties. The enemies of Labor have given to their servants the mandate that labor must be crushed, its rights denied and its liberties destroyed.

With the freedom of the working people the whole destiny of democracy as understood in American life is involved and entwined. If Labor could be turned back from its onward march the great torch of Liberty would cease to burn for the millions.

The masses of the working people of the nation understand the great issue that faces them. The one supreme issue is whether Liberty shall live. Profiteering, the denial of free speech and free press, the despotic use of the injunction—all of these are manifestations of the same determination, the same drive to crowd Labor back from the road of progress and to take out of millions of homes that light which has come into them as the harbinger of a higher and better civilization.

Let America make no mistake about what is involved in this campaign. Let no man or woman take lightly the duties involved. Let none undervalue by a fraction the solemn obligation that is laid upon all to bring decisive defeat to enemies of human progress and to crown with victory the candidacies of those who stand as friends of liberty and justice and progress.

The dim eyes of the helpless are upon the hosts of Labor in this great struggle. May the manhood and the womanhood of America vindicate now the hopes and the truths out of which our great nation had its birth.

STEEL STRIKE AFTERMATH.

That the National Steel Strike will bring some results to those who participated in it, and endured many hardships and made many sacrifices, is well evidenced by the report of the commission of inquiry of the Inter-Church World Movement on the steel strike of 1919—a document of 94,000 words—constitutes a serious indictment of the labor policy of the United States Steel corporation, according to Daniel A. Poling, secretary of the investigating commission, who made the findings public.

"There can be no doubt," Dr. Poling said, "that the report will be regarded by the public as strongly favoring the laboring man's side of the case. The commission believes that such impression corresponds wholly with the facts it has discovered."

In going forward with its work the commission faced "far-reaching difficulties," he declared, adding that "by anonymous attack, by the rifling of its files, by under cover methods of every sort it has been embarrassed and its work threatened with disaster. But so vital does the commission believe its work to be, so far-reaching its recommendations for these disturbed times, that its members were prepared to make the most extreme sacrifices rather than have the report fail."

The commissioners besides Dr. Poling, who made the investigation were: Bishop McConnell, chairman; Bishop William Bell, Mrs. Fred Bennett, Geo. W. Coleman, Dr. John McDowell, Prof. Alva W. Taylor, Dr. Nicholas Van Der Pyl and Bishop Charles D. Williams.

A general summary of the findings of the commission showed the fundamental grievances to be:

"(a) Excessive hours; (b) 'boss system'; (c) no right to organize or to representation."

The remedies desired were: "(a) Shorter day and week with a living wage; (b) representation and conference, an end to the 'boss system,' which so often subjects common labor to petty tyrannies; (c) right to unionize and a substitution of industrial democracy for industrial autocracy."

"All the conditions that caused the steel strike continue to exist," was the final conclusion of the commission. "We feel that unless changes are made approximating in some degree the findings here presented another strike must come. In the measure that working men become intelligent and Americanized will they refuse to labor under such conditions."

The workers' grievances were of long standing, it was said, but had found no

expression because: "(a) They were limited largely to foreigners of many races and languages without industrial tradition, education or leadership to organize.

"(b) Race prejudice effectually kept the more skilled, more intelligent and better paid American working men from taking up the cause of the foreign-speaking workmen.

"(c) Labor unions have been accustomed to look upon the foreigner as an actual or potential strike breaker.

"(d) The steel companies have most effectually deterred men from joining labor organizations."

These "long standing grievances," it was said, were brought to expression by:

"(a) The part those workmen played in the war and the treatment afforded them for the sake of war production, which gave them a new sense of worth and independence.

"(b) The fight for democracy and news of a larger workmen's freedom in their native lands together with a growing sense of real Americanism, which brought a spirit of democracy to their ranks.

"(c) The decision of the American Federation of Labor to organize them and its actual work of organizing them into craft unions."

"We found," the report said:

"(a) The strike was regularly conducted in orthodox fashion according to the American Federation of Labor rules and principles.

"(b) That while radicals sympathized with the strikers, as was natural, they were effectually debarred by the strike leaders and that far from having any influence in it, they often denounced and opposed those who conducted the strike.

"We find the grievances to have been real," continued the report, as follows:

"(a) The average week of 68.7 hours, the 12-hour day, whether on a straight 12-hour shift or on a broken division of 11-13 or 10-14 hours, the unbroken 24-hours period at the turn of a shift and the underpayment of unskilled labor, are all inhuman.

"(b) It is entirely practicable to put all processes requiring continuous operation on a straight eight-hour basis, as is illustrated by the Colorado Fuel and Iron company. These processes require the services of only a fraction of the workers.

"(c) The 'boss system' is bad, the plant organization is military and the control autocratic. The companies claim that they accord the right to join unions and the opportunity of conference, are theoretical; neither is allowed in practice.

"(d) The use of 'under cover' men is severely condemned. It breeds distrust, breaks down morals and stimulates ill-will; it is undemocratic and un-American.

"(e) The refusal of the United States Steel company to confer, to accept mediation, and (its attitude of hatred as shown by its refusal) to follow the recommendations of the war labor board incited labor strife, and because of the strength and influence of this corporation, forms one of the greatest obstacles to a just settlement of industrial grievances and unrest at this time.

"The strike was defeated," the findings declare, "by

"(a) The strike-breaking methods of the steel companies and their effective mobilization of public opinion against the strikers through charges of radicalism, Bolshevism and the closed shop, none of which were justified by the facts; and by the suppression of civil rights.

"(b) The hostility of the press giving biased and colored news, and the silence of both press and pulpit on the actual question of justice involved; which attitudes of press and pulpit helped to break the strikers' morale.

"(c) Public fear of general labor war due to the coincidence of the coal strike and threat of the railroad strike, together with labor's failure to formulate and explain its purpose with regard to public service.

"(d) The prevailing prejudice of the steel towns, and in the general public mind, and among the English-speaking workmen, against the foreigners who constituted the overwhelming numbers of the strikers.

"(e) The ineffective support given the strike by most of the 24 affiliated craft unions through which it was organized and by the American Federation of Labor."

The recommendations of the commission follow:

"1. The adoption of the eight-hour shift on all continuous processes.

"2. Limiting of the day to not more than 10 hours on duty, with not more than six days and a 4-hour week, with at least a minimum comfort wage.

"3. Recognition of right to join regular craft unions or any other freely chosen form of labor organization; recognition of right to open conferences; either through shop committees or union representatives; recognition of right of collective bargaining.

"4. A vast extension of house building—by the communities where possible; by the steel companies where community building is impossible.

"5. That organized labor:

"(a) Democratize and control the unions, especially in regard to the calling, conduct and settlement of strikes.

"(b) Recognize unions with a view of sharing in responsibility for production and in control of production processes; to this end:

"1. Repudiating restriction of production as a doctrine.

"2. Formulating contracts which be lived up.

"3. Finding a substitute for the closed shop wherever it is a union practice.

"(c) Scrupulously avoid all advocacy of violence.

"(d) Accept all possible proffers of publicity and conciliation.

"(e) Promote Americanization in all possible ways and insist upon an American standard of living for all workingmen.

"(f) Prepare more adequate technical information for the public in regard to all conditions bearing upon the calling and the conduct of a strike.

"(g) Seek alliance and council from the salaried class known as brain workers."

"6. That the President's industrial conference plan for standing tribunals of conciliation and publicity be given a fair trial. We believe that the most effective step to be taken for the obtaining of justice in a strike situation is through publicity, conciliation and a voluntary system of arbitration; and as a beginning we recommend the fullest publication of these findings and of our more complete reports.

"7. That minimum wage commissions be established and laws enacted provid-

ing for an American standard of living through the labor of the natural bread winner, permitting the mother to keep up a good home and the children to obtain at least a high school education.

"8. That the Federal government investigate the relations of the Federal authorities to private corporations' 'under-cover' men and to labor detective agencies.

"9. That the eight-hour day be accepted by labor, capital and the public as the immediate goal for the working day and that the government provide by law against working days that bring overfatigue and deprive the individual, his home and his community of that minimum of time which gives him an opportunity to discharge all his obligations as a social being in a democratic society."

The Inter-Church World Movement, through their investigating commission, have accomplished more real good for church advancement than would have been possible by the expenditure of the enormous sums of money originally contemplated.

The Church Movement has demonstrated a material, as well as a spiritual interest in humanity, and even though the investigation of the steel strike has undoubtedly cost the Inter-Church Movement the support of organized capital, they have gained what will undoubtedly prove a greater asset—the confidence of the people.

It is encouraging to learn that at last the churches are beginning to realize that the body of a poorly-fed, under-nourished man is not responsive to spiritual reclamation efforts. Feed the physical man, and ordinarily the spiritual being will be safe.

Canadian Workers Not "Fleeced"

By A. F. of L.

\$218,390.21 Paid Into Canada Over That Paid Out

Because of charges made in Canada by persons outside the Labor movement to the effect that the Canadian Labor movement is being "fleeced" through its affiliation with the American Labor movement, and that much money is sent out of Canada while little is returned, President Gompers instituted an inquiry into the whole question and issued a questionnaire to all national and international unions, including the railroad brotherhoods, which are unaffiliated to the American Federation of Labor.

The returns cover almost the entire field and show clearly that a far larger sum is returned to Canada for expenditure there by the various international unions than is received from Canadian members in the form of dues and assessments. Incomplete returns show \$617,324.19 received from Canadian members by international unions in the last year. There was sent into Canada \$553,695.90 for various benefit purposes, and \$282,018.50 for salaries to officers and organizers in Canada. The total amount

of money sent into Canada for expenditure in Canada was for the year \$835,714.40, or \$218,390.21 above the amount received from Canada. The half dozen organizations from which reports have not been received could not materially alter the situation. The American Labor movement is a movement for the advancement of the interests of the workers. While politically the Labor movement of Canada is as independent of the American Labor movement as is the Canadian citizenship and the citizenship of the United States, yet the industrial relations between Canadian members and members in the United States has always been a relation unaffected by the border line. The figures are produced in this instance in order that a charge originating outside of our movement may be effectively answered from within and in order that its falsity may be thoroughly understood by all.

WHAT IS "PURE AMERICANISM"?

In opposing the trade-union non-partisan political policy, the Commercial-

Appeal of Memphis, Tenn., calls for "pure Americanism," and the Federationist asks: "What is this stuff called 'pure Americanism'? From what fount may it be procured? Or perhaps it comes in biscuit form. Who originated it and who can tell the genuine from the spurious? Of course, labor has its own idea of Americanism, and we believe it will pass muster with such Americans as Jefferson or Lincoln, having been garnered from the teachings of these men. But, if Americanism means government by injunction, wholesale raiding of so-called radical meetings, slavery for federal employes, espionage laws, cossacks, 2,000 per cent profit for coal mine owners, imprisonment of labor leaders, child labor, denial of seats in legislatures to duly elected representatives of the people, anti-strike laws, suppression of free speech and press, sedition laws and other practices too numerous to mention—if that is the Commercial-Appeal's conception of Americanism, and that is the sort of Americanism we now have, then the A. F. of L. and all its members are un-American—and proud of it."

A good time to buy!

The extravagance, thoughtlessness, and in some cases the necessity of others have created an opportunity for the *wise* investor.
